TWO BANDITS ROB MAIL CAR

Get Registered Treasure in Daring Job on Southern Railway.

CLERKS ARE FOUND NEAR SUFFOCATION

Four Bound and Gagged With Mail Bags Heaped Upon Them.

Memphis, Tenn., Sept. 17.—Searching parties from Sheffield, Stevenson and Huntsville, Ala., are scouring the countryside in search of two bandits, who at 1:30 o'clock this morning looted the mail car of Southern railway train No. 25, New York to Memphis, of its registered mail.

The robbers boarded the car at Cave Chute, just west of Stevenson and subjugating the mail clerks, rode forty miles in the car, leaving it after stopping the train by an emergency signal at Stevens Gap, a blind siding, and taking to the woods. The conductor found the mail clerks bound and gagged and half suffocated under heaped up mail bags. The amount of the loot has not been determined. Passengers were unmolested.

Thirty-four pieces of registered mail were taken by the two robbers. Post office officials, upon arrival of the train this morning, denied that any large amount of valuables was missing, though mail clerks believed the loss would amount to several thousand dollars.

The bandits boarded the mail car while the train was standing at the water tank near Stevenson, Ala., entering a half open door. After their order, "All hands up and everybody lie down," they compelled Charles Flint, one of the mail clerks, to tie the hands of the three other clerks and then lie down himself.

The train proceeded with the crew ignorant of the robbers' presence. The woods are very heavy in the vicinity of Stevens Gap, where the robbers left the train.

ROBS TWO ELECTRIC CARS.

Highwaymen in California Fatally Wounds Young Attorney.

San Mateo, Cal., Sept. 17.—Charles N. Kirkbride, an attorney of this city, and a lieutenant in the Eleventh company coast artillery reserve, known as the "Millionaire company," was shot and probably fatally wounded early today by a young highwayman who robbed two cars of the electric line between this place and San Francisco. Kirkbride grappled with the robber and received a bullet in the body. The bandit escaped.

There was about 45 persons aboard the two cars and the bandit forced a woman to collect the passengers' valuables.

Big Harvester Company Has Competition, Declares Manager Funk.

DENIES CONCERN HOLDS MONOPOLY

No Immunity Baths in Case Very Much Like Beef Trust Action.

Chicago, Sept. 17.—Analyzing the business of his competitors Clarence S. Funk, general manager of the International Harvester company, today in the government's anti-trust case against that corporation said there was hardly a farm implement in whose manufacture and sale competition did not exist. Mr. Funk declared there were from 3 to 75 firms manufacturing implements.

"We have from 40 to 50 competitors selling corn shellers," he said. "Twenty-five producing motor vehicles, 75 producing cultivators, 15 corn huskers and three reapers. The field is pretty well covered by competitors."

Grasshoppers and crickets cost the harvester company more than \$4,000,000, Mr. Funk declared. In answer to the government's charges that the company monopolized the binder twine business, thus compelling the farmer to pay high prices, he declared the company had attempted to produce a superior binder twine out of flax.

"There was so much sweetness left in the twine that the grasshoppers and crickets, feeding on it, became a pest," said Funk. "We conducted experiments and expended \$4,000,000 in trying to furnish the farmer with a suitable twine."

Alexander Legg, assistant general manager of the International Harvester company, was expected to be the first witness today in the government suit to dissolve the corporation. Others scheduled to appear were Wm. N. Gale and E. N. Wood, assistant secretaries of the company.

Monopoly in violation of the Sherman law is the offense which the government is seeking to prove without giving to George W. Perkins, Cyrus H. McCormick, Charles Deering and other defendants any chance to become immune from possible criminal prosecution.

According to the government attorneys the case is an exact parallel to the "beef trust" suit and there will be no duplication of the method adopted in that instance which permitted testimony by main defendants and resulted in the "immunity bath."

Presented an Agreement.

Government attorneys presented today what purported to be an original agreement by which George W. Perkins, Cyrus H. McCormick and Charles Deering formed a "voting trust" which placed them in absolute control of the \$140,000,000 corporation. The agreement dated Aug. 12, 1902, was for ten years. It expired only a few weeks ago. It was introduced in testimony to show that these three men had turned over to them all the stock so they had the sole voting power of the corporation. Another exhibit purported to show that Mr. Perkins, chairman of the corporation's finance committee and that of the six members of that committee four were directors in the steel corporation and members of the steel corporation's finance committee as follows: E. H. Gary, Norman B. Ream, George F. Baker and Mr. Perkins.

KELLAR HEADS ODD FELLOWS.

Texas Man is Elected Grand Sire of the Fraternity.

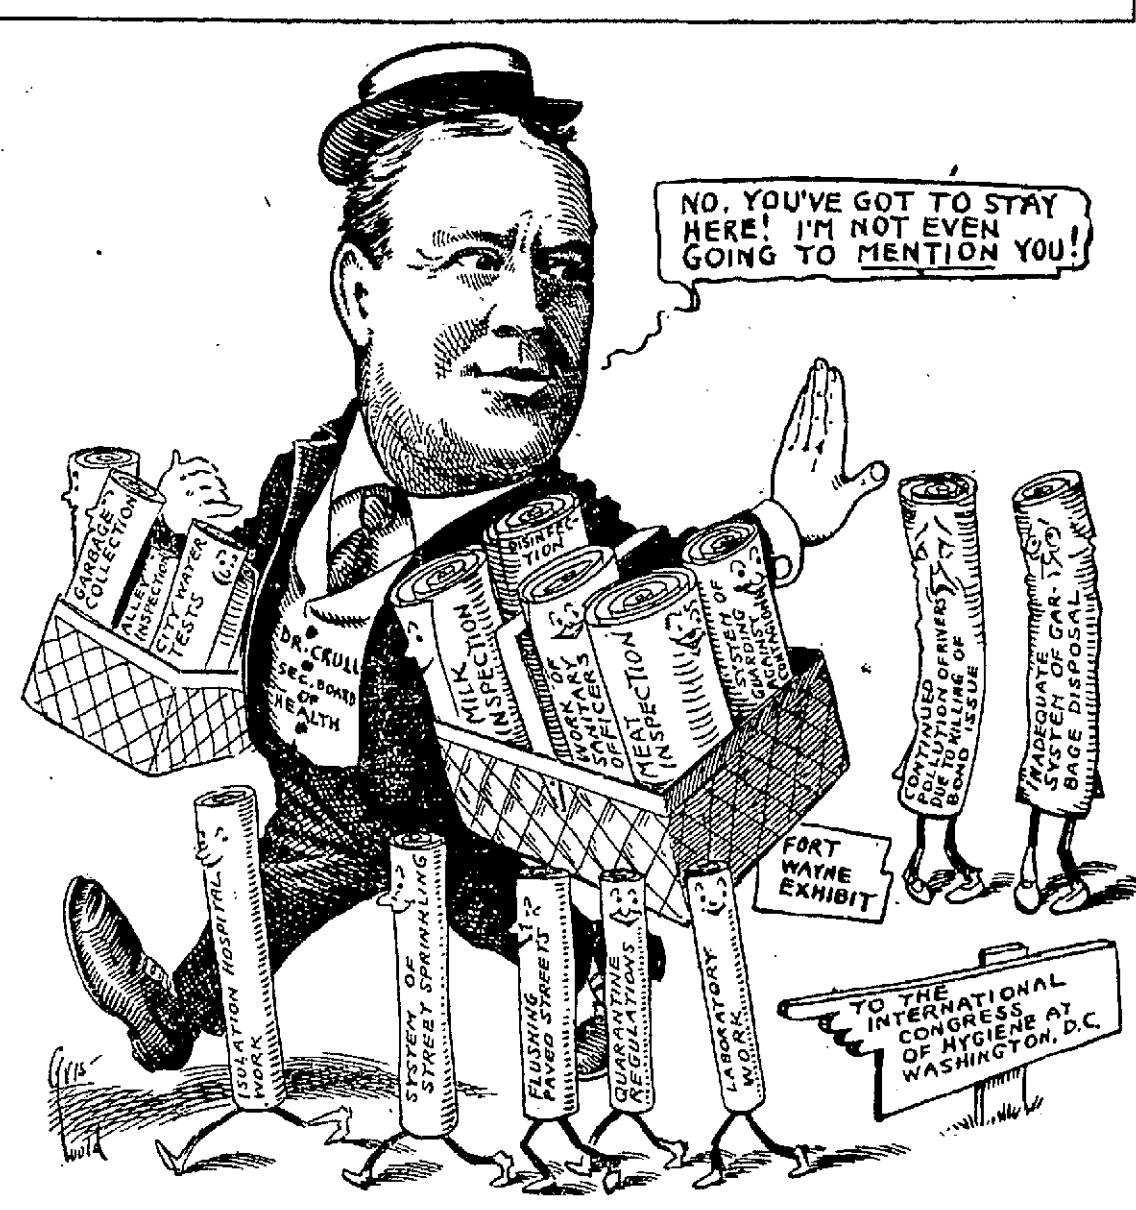

Winnipeg, Man., Sept. 17.—C. A. Kellar, of San Antonio, Texas, today was chosen grand sire of a sovereign lodge, L. O. O. F., by acclamation. Seven candidates were placed in nomination for deputy grand sire.

Other officers chosen were Judge Robert F. Daniel, Georgia, deputy grand sire; John B. Goodwin, Baltimore, re-elected grand secretary; and M. Richards Muckle, Philadelphia, re-elected grand treasurer. The past presidents' association and the Odd Fellows Press association, both met today. A feature of the day was a garden party at government house by the lieutenant governor this afternoon.

IF HUBBY SLEEPS IN A HAYLOFT, THAT'S CRUELTY.

Muncie, Ind., Sept. 17.—If a husband prefers to sleep in a hayloft, and more a barn in preference to a white sheeted, clean pillow bed in the house, and prefers the grunts of the pigs, the low moos of cattle and the stentorian snorts of horses to the gentle snores of his wife and offspring, is he guilty of "cruel and inhuman treatment" of the wife within the meaning of the statute on that subject? Mrs. Elizabeth Courtney, suing William for divorce, thinks so, and sets forth those charges in her complaint in the circuit court. She also asks for suitable alimony, saying the husband is well to do.

STATESMEN VERY NEAR FREE FIGHT

New Outbreak of Factional Storm as Hungarian Parliament Opens.

BODY IN AN UPROAR

Buda Pest, Hungary, Sept. 17.—The opening session of the Hungarian parliament today was marked by a wild outbreak of factional feeling which only was prevented from becoming a free fight through the intervention of party leaders. The uproar began as soon as Count Stephen Tisza, the president of the lower house, entered the chamber. He was received with cries of derision and abuse, mingled with hissing and whistling. The president treated the opposition outburst with indifference, but all his efforts to restore order were unavailing. His calls for attention only caused the disorder to break out with renewed violence. Not a word could be heard in the chamber or in the press gallery above the organized din.

The royal decree opening the session was read without anybody hearing a word of it, and it was followed by what looked likely to develop into a free fight.

An opposition member tauntingly asked a deputy of the governmental party whether he had his revolver with him. This raised feeling to fever heat and the members were on the point of coming to blows when Count Julius Andrássy and the other leaders inter-

SEARCH LAKE FOR MISSING AVIATOR

Tugs Sent Out at Chicago After a Cleveland Hydroplanist.

ENGLE IS RESCUED

Chicago, Sept. 17.—Tugs were dispatched at 1:45 o'clock this afternoon to search Lake Michigan for A. J. Engle, of Cleveland, O., who started on a hydroplane flight from Clarendon beach to the aviation meet in Grant park. Rescuing parties were sent out after he had been missing two hours.

Life savers rescued Engle after he had floated helplessly for more than two hours on Lake Michigan with a disabled engine. He was picked up two miles off shore. Because of a heavy fog which hung over the lake rescuers had a difficult time locating him.

Air boats capable of either flying through the air or skimming along the water at will utilized Lake Michigan just off the business center of Chicago as a starting point today in the first formal contests ever held between such craft. Half a dozen hydro-aeroplanes were entered. The program comprised a figure eight on the water for \$300 prizes, a steep climb for \$350 prizes and a race twice around a crib four miles out in the lake for \$400.

WATERLOO MAN MURDERS WIFE

Carey Beidler Uses Pistol With Deadly Effect at Toledo.

THE COUPLE HAD BEEN ESTRANGED

Tragedy Terrific Shock to Family Friends at Waterloo.

Toledo, Ohio, Sept. 17.—Brushing aside his fifteen-year-old son, Marion, Carey S. Beidler, 38 years old, of Waterloo, Ind., shot and killed his wife as she sat at a dinner table in her apartment here yesterday afternoon.

He was captured a few minutes later by Mrs. Mildred Barnard, who heard the shooting and saw Beidler leave the house. Her husband and several other men came to her assistance, and held Beidler until the arrival of police.

The couple had been separated several years.

SHOCK AT WATERLOO.

Beidler Was Born and Reared in DeKalb County Town.

Waterloo, Ind., Sept. 17.—News of the tragedy at Toledo in which Carey Beidler last evening shot and killed the wife from whom he was estranged caused a tremendous sensation here, where Beidler was born and reared and where his family is among the most highly esteemed in the city.

Beidler has been employed as a telegraph operator for the Lake Shore railroad, and his wife was a Millersburg girl. The couple separated in this city a few years ago, but much of the time Mrs. Beidler and their son, about 12 years of age, have lived with the husband's parents in Waterloo. Six months or more ago Mrs. Beidler secured a position in Toledo, and Beidler has also been working there recently.

Information here is to the effect that Beidler has repeatedly sought to have his wife meet him in the park, and to join him at dinner, but she declined to do so, finally inviting him to visit at her apartment where she and the son were living.

It was on Beidler's visit to his wife's home in Toledo that the shooting occurred. Mrs. Beidler was in Waterloo for a short visit but a few weeks ago, and her son joined her there last week.

HE WILL CALL A SPECIAL SESSION

Roosevelt Announces Congressional Program If He's Elected.

TALKS IN ARIZONA

Tucson, Ariz., Sept. 17.—If Col. Roosevelt is elected president he said in a speech here today he will call a special session of congress immediately after his inauguration to put into effect so far as can be done by congress, the progressive party's program for social and industrial legislation.

The program includes a minimum wage scale for women, a "living" wage, prohibition of child labor, regulation of hours of labor and other measures.

"While there are many important planks in the platform of the progressive party," he said, "I am most interested in the plank dealing with human welfare. I believe that the issues there raised are the great issues of this campaign, which both of the old parties is facing squarely. The progressive party, if it is put into power, will carry out every promise which it has made in its platform. We regard the platform as a contract with the people—a contract to be kept to the letter."

"If I am elected president I shall call a special session of congress immediately to take up these matters. It is of course true that the reforms for which we call are largely subjects which must be dealt with by the legislature of

PRESIDENT GETS BREATHING SPELL

Let-Up in Rush of Work That Has Kept Taft Busy in Vacation.

LOSES GOLFING PALS

Beverly, Mass., Sept. 17.—There was a let-up today in the rush of work that has crowded President Taft's vacation and made his summer in Beverly so far almost as busy as the days in the white house. No callers were scheduled to see the president and only a few letters were ready for his signature before he motored to Myopia for his morning golf game.

The president lost two of his golfing companions today when his sons, Robert and Charles, left Beverly to resume their studies. Robert went back to Harvard to take up work on the Law Review of which he is an editor, and Charles went to the school of Horace D. Taft, the president's brother, at Watertown, Conn.

A telegram from Thomas Lewis, former president of the United Mine Workers and recently nominated as republican candidate for secretary of state in Ohio was received by the president today. The text of the message was not made public but it was stated that the telegram contained a prediction of party success.

WILSON WANTS TO SEE FOLKS

Nettled Because He Was Not Awakened to Greet Night Crowds.

TALKS TO PEOPLE OF THREE STATES

Gov. Marshall is Given a Home-Coming Ovation at Lagrange, Mo.

Sioux City, Iowa, Sept. 17.—Many prominent democrats from Iowa, South Dakota and Nebraska gathered here today to greet Gov. Wilson, who will speak at the inter-state fair this afternoon.

The governor on his arrival was taken for an automobile ride and this was followed by a special ceremony of the tribe of the Sioux at which the governor was inducted into the order. After dinner he will be taken to the fair grounds. A special train carrying Gov. Wilson and party will start for Sioux Falls, S. D., at 4 p. m.

The democratic candidate was disappointed to learn today that his secretaries had neglected to wake him late last night to meet crowds that gathered at Clinton and Cedar Rapids, Iowa. It was midnight when the latter place was reached but hundreds were waiting. The governor gave orders today that hereafter he wishes to be called to greet any folks who may want to see him, whether a couple dozen or a thousand are present.

When the governor reached Sioux City he was taken by automobile to Morningside college, where he spoke to 800 students. Returning to town, he shook hands in a public reception with a long procession of people.

Gov. Wilson selected for his speech at the fair grounds the pure food laws and questions concerning their enforcement, which he said the other parties were incapable of accomplishing.

HOME-COMING FOR MARSHALL.

Old Town of Lagrange, Mo., Gives Governor Big Ovation.

Hannibal, Mo., Sept. 17.—Gov. Thomas R. Marshall, of Indiana, democratic vice-presidential candidate, awoke here this morning after a night journey from St. Joseph, prepared for another day of speech-making and traveling. Shortly after 8 o'clock he took a special train to Lagrange, Mo., thirty miles north.

Lagrange was Gov. Marshall's home for a short time. His family moved from Indiana when the future governor was about a year old. After a residence of about two years the Marshall family returned to Indiana because Gov. Marshall's father had positive views against slavery and many neighbors of the Marshalls owned slaves.

When the citizens of Lagrange heard that Gov. Marshall was to campaign in Missouri they planned a "home-coming" for him.

From Lagrange Gov. Marshall will return to Hannibal, where he is to speak tonight. He will be in St. Louis Wednesday.

ONE CENT FOR GARBAGE FUND

City Councilmen to Start Levy Next Year for This Purpose.

TAX LEVY TO BE SAME NEXT YEAR

Lop Off Two Cents on Track Elevation and a Cent Off Light Plant.

If plans made by the members of the city council go through at the meeting of the committee of the whole tonight a fund will be started for the disposal of garbage and the tax levy will remain at \$1.10 as it has been for several years.

There is at present \$70,000 in the electric lighting fund and the members who are making a fight for the old levy and the establishment of a garbage plant adequate to provide for the city argue that this is sufficient to take care of any emergencies to enlarge the establishment so that it will take care of all of the business required of it.

It is proposed to reduce the levy for the plant from two and a half to one and a half cent and to make the track elevation levy eight instead of ten cents. By applying one cent to the garbage fund this will reduce the levy to \$1.10 instead of \$1.12 as asked for by City Controller Sherman Cuthall.

May Cause Trouble.

All of the councilmen are not in line with this proposition and while there will probably be little objection to the creation of a garbage fund users of city lighting current contend that if there is no levy for extension they will be paying for the additional street lights to be added to the system.

It was asserted during the day that enough of the councilmen had agreed to the new schedule to pass it at the regular meeting after a report has been made to the body by the committee. The council is bitterly opposed to an increased levy and it is most likely that it will not be raised and if the appropriations are not taken from the elevation and lighting funds they will come off some of the others.

Will Yield About \$3,500.

If a levy of one cent is made for a garbage fund it will yield about \$3,500 annually and while it is admitted that it will take a long time at this rate to accumulate enough money to build a plant of sufficient size to take care of the city's refuse it is proposed to increase this from time to time.

GIRLS SHOULD NEVER TRAIN FOR ATHLETICS.

Los Angeles, Cal., Sept. 17.—

"Girls should never train for athletic events."

Declaring that she follows this rule herself and that the only time she violated it she lost the international tennis championship, May Sutton ridiculed today reports that she has lost forty-seven pounds by systematic starvation.

"I never went into training save once, and that once I lost the international title in England," she said.

In a Texas Theatre

WHEN I lived at Denison, Texas," said R. G. Schulze, with S. F. Bowser & Co. I was engaged, during the latter years there in railroad office work, but had several interests on the side, among them the management of an opera house. Denison is a small place, and its population is made up largely of railroad people. The town was great on amusements, so we found repertoire companies a paying proposition. I always found it advisable to station several watchmen in various parts of the house to preserve order, because the audience sometimes provided as much entertainment as the people on the stage, so it was necessary at times to do some quieting down before the show could proceed.

"Well, on this particular night, right after the first act of a thrilling melodrama, and while the orchestra was in the midst of a choice musical selection, some one in the balcony let out a yell that startled the house. This was followed by a cry of 'Fire! Fire!' but the orchestra went bravely on and helped to avoid a panic. Quite a number of the audience made a hurried exit, and I made my way to the balcony as quickly as I could to see what was the trouble. There I found one whole section of the balcony deserted, while the frightened people were huddled up around the wall. The section nearest the railing had been abandoned. "What's the matter here?" I demanded.

Huddled Up Around the Wall.

Immediately to crawl as fast as it could. Somebody saw it and yelled, after which there was a wild scramble to get away. Such was the condition when I arrived. Well, it took us quite a while to catch the thing. It dropped off onto the balcony door and, whenever anyone espied it, it went somewhere else. Finally we located it and killed it. We assured the audience from the stage that the reptile was dead, but the people wouldn't quiet down and enjoy the show until we had exhibited the lifeless remains from the footlights.

The joker who snoring that one certainly had the satisfaction of knowing that it worked."

IN THE CITY'S CHURCHES

FAVORS UNION OF CHURCHES

Presbytery Votes Its Approval of Church Federation.

HAS A BUSY SESSION

The Presbytery of Fort Wayne, in session at the First Presbyterian church in this city, this forenoon placed its approval on the several schedules submitted to the presbytery by the general assembly for the federation of churches of different denominations in villages and towns where such a union is deemed advisable. This is to unite weak churches in membership, too small to make them successful working bodies, into one strong body, spiritually and financially. This federation met with the unanimous approval of the members of the presbytery.

On another schedule, however, submitted by the general assembly to the presbytery, the members voted in the negative. This was in regard to reducing the number of the presbyterial delegates to the general assembly. The presbytery is now entitled to four, two ministerial and two lay delegates. The schedule proposed only two, one ministerial and one lay, contending that the assembly was getting too large in membership. The presbytery voted against the reduction.

Delegates Are Chosen.

Delegates elected to the synod were Rev. Edward Montgomery, Rev. H. B. Master, Rev. D. C. Truesdale, Rev. Thomas Simon, Rev. W. H. Geier, Rev. W. E. Hunter, Rev. W. H. McClaughrey and Rev. R. I. Platter.

Alternates chosen are Rev. A. R. Evans, Rev. T. B. Terhune, Rev. E. A.

At the sessions this forenoon the presbyterial relations of Rev. A. J. Anderson, pastor of the Presbyterian church at Kendallville, were dissolved, to take effect the first of October. He has resigned his pastorate at Kendallville, as stated in The Sentinel's state columns today, to enter on other work.

Very much of the time of the presbytery this forenoon was taken up in considering routine matters and listening to reports.

The last matter of business this afternoon will be the selection of the place for the next meeting. LeGrange has extended an invitation and it will probably be selected.

Second Coming of Christ.

The presbytery convened Monday evening with a large attendance, the session being held in the church auditorium and presided over by Rev. Frank Heydenburg, the retiring moderator, who, after the devotional service and musical program rendered by the choir of the First Presbyterian church, introduced Rev. James M. Gray, of Chicago, the dean of the Moody Bible Institute, who delivered the address of the evening.

It was an able discourse and most interesting and instructive, the theme being "The Second Coming of Christ." Dr. Gray declared that belief in the second coming of Christ was one of the fundamental principles of the Christian faith, referred to 300 times in the New Testament. He said Christ will return to this earth in a literal sense, just as he had left it. The time for the return of Christ, according to Dr. Gray, will be pre-millennial—after 1,000 years of righteousness but he insisted that the people should not wait until the 1,000 years had passed before they prepare for the coming. He commanded his hearers to watch and to pray for "ye know not what hour the Lord shall come."

Dr. Gray pointed out that the only way to overcome pessimism is to preach that the Lord is coming to earth in the body. Social service, he said, should follow this.

Moderator Elected.

With the close of the address and the discussion that followed it the election was held for the new moderator and temporary clerk. E. A. K. Hackett, of the First Presbyterian church of Fort Wayne, was elected moderator and Rev. Thos. J. Younger temporary clerk. The stated clerk of the presbytery is Rev. C. O. Shirley.

At the meeting last evening Rev. N. C. Shirley, who has been identified with Anti-Saloon League work in Indiana for the past six years, asked permission of the presbytery to accept a call in the Bloomington presbytery. The desire was granted and a letter will be sent to Illinois commending him to the people of that district. Rev. Shirley has accepted the pastorate of the Presbyterian church at Belmont, Ill., and will leave in the near future to enter upon his duties.

For several years prior to last spring he was Indiana's Anti-Saloon League superintendent and since last spring has held a similar position in the Indianapolis district.

Those in Attendance.

Those registered at the session of the presbytery included Rev. James M. Gray, Chicago; Rev. A. E. Ewers, Pierce-ton; L. J. Eymor, Stroh; A. Judson Arrick, Kendallville; T. J. Simons and J. L. Myers, Bluffton; J. R. Yaggy, Woodburn; Robert L. Platter, Auburn; William H. Gleiser and Amos E. Briggs, Decatur; E. L. Buchanan, Garrett; P. W. Grossman, Franklin; W. E. Hunter, Columbia City; S. T. Cooper, Lima; W. J. Gerlach, Bristol; D. W. Parks, Nappanee; A. H. Kaufman, E. G. Haymaker, John B. Ferguson, Howe; Sol C. Dickey, Winona Lake; W. H. McClaughrey, Warsaw; Thomas Younger, Lionier; J. C. Altman, Huntington; Albert Jay, Warsaw; Frank H. Heydenburg, Avilla; A. R. Evans, Fort Wayne; George P. Fletcher, Kendallville; S. N. Longworth, Fort Wayne; E. B. Myers, Elkhart; Frank K. Baker, Ossian; A. G. Gorrell, Ossian; Donald Wilson, Ossian; Ezra Allen, VanNuy, Goshen; James T. Johnston, Albion; J. C. Murchland, Troy; T. W. Cunningham, Larchmont; H. W. Herick, Elkhart; T. Pliny Potts, Fort Wayne; Thomas B. Terhune, Huntington.

First M. E. Church.

The Epworth League of the First M. E. church will give a reception on Thursday of this week for the students of the two business colleges of the city.

A special meeting of the official members of the church will be held in the pastor's study Thursday evening at 7:30 o'clock for the transaction of important business.

W. C. T. U. Meeting.

The Women's Christian Temperance Union will hold its regular meeting on Wednesday afternoon at 2:30 o'clock at the home of Mrs. L. D. Clippenger, 1313 Boone street. Delegates to the state convention will be elected.

Will Be Held at Berna.

The convention of the Christian Endeavor societies of the Fort Wayne district will be held in the Memorial church at Berna on October 4, 5 and 6. Four Fort Wayne Endeavorers have places on the program: Arthur Perry will talk on "Good Citizenship"; Miss Todd on "How, Why, When Mission Study Classes"; and Lucile House will discourse on the subject, "The Place of the Quiet Hour in the Christian's Life." Rev. Charles E. Ehle will address the assembly on the theme, "The Problem of the Hour."

Makes August Report.

Sup't. J. A. Nipper, of the Fort Wayne Rescue Home and Mission, has made the following report for the work done by the mission for the month of August: Men furnished temporary employment, 75; men furnished steady employment, 6; garments given away, 100; medical aid furnished, 11; charity beds, 21; prayed with, 17; meals given away, 25; attendance during the month, 1,320; average attendance for the Sunday school, 70.

Will Attend the Synod.

The Women's society of the Grace Reformed church has elected the following delegates to attend the synod meeting:

ing of the Women's societies of the denomination to be held at Xenia, O., next week. Mrs. Frank Lickau, Mrs. A. K. Zartman, Mrs. C. H. Gumpfer and Mrs. J. H. Straub.

Hold Mission Festival.

The annual mission festival of the Lutheran congregations of the Mission synod will be celebrated at Concordia college next Sunday afternoon. A meeting of the members of the Ladies Aid societies of the various congregations will be held at the college on Wednesday afternoon of this week.

Plymouth Circle.

The Plymouth Circle, the young ladies' society of the Plymouth Congregational church, will meet this evening at the home of Mrs. E. G. Barry on East DeWald street. This will be the first meeting of the fall.

Visited at Peru.

Monday's Peru Journal, Rev. and Mrs. Edward Averill and children, of Fort Wayne, are the guests of Mrs. Averill's parents, Mr. and Mrs. Charles Brownell. They are on their way to Fort Wayne from Maine, where they have been spending the summer.

WILSON WANTS TO SEE FOLKS

(Continued from Page 1.)

Thomas H. Marshall in a speech at St. Joseph, Mo., yesterday as "presiding over" the International Harvester company, made this reply today to Governor Marshall.

"It is evident that Gov. Marshall has attacked me with less than half the truth. He says I preside over the International Harvester company. Is it possible that he is so uninformed as not to know that this is not so? I don't preside over the International Harvester company. In my opinion Mr. Marshall knows who does 'preside over' the harvester company and for political advantage to his party purposely twists his statement so as not to say who does preside over the harvester company and convey the impression that I do."

SEE OLD MARSHALL HOME.

Governor and Wife Inspect Cottage at Lagrange, Mo.

Lagrange, Mo., Sept. 17.—Citizens of this little river town were profuse in their welcome to Gov. Thomas R. Marshall when he arrived here.

Practically the entire town and surrounding country turned out to welcome the candidate who had lived among them as a child. Gov. and Mrs. Marshall visited the two-story frame cottage occupied by the governor's parents during the residence here.

Gov. Marshall said he would deal sparingly with politics in his speech here.

FIRST REAL TEST TODAY.

New York State Voters Selecting Committee-men and Delegates.

Albany, N. Y., Sept. 17.—The first real test of the new direct primary law will come today when enrolled voters throughout the state will be given an opportunity to vote on the various candidates designated for nomination by party committees and for delegates to the coming state conventions. The nominees include candidates for congress, village and county officers.

Under the new law the progressive party cannot participate in the primaries, but must file nominating petitions with the secretary of state on or before Oct. 11. The polls will be open from 1 p. m. to 5 p. m. Different colored ballots have been provided for the voters, green for the democrats, pink for the republicans, canary for the independent leagues, Mandarin for the prohibitionists and buff for the socialists.

MINNESOTA TRYING IT.

St. Paul, Minn., Sept. 17.—The first state wide primary election in Minnesota for the nomination of state officers, members of congress and United States senators is being held today.

There are four candidates for the republican nomination for governor and upon the outcome of today's contest will depend the conclusions of the progressives to place a ticket in the field, according to Hugh T. Halbert, chairman of the progressive state central committee.

FIRST SESSION SINCE 1895.

Cigarmakers International Convention Opens at Baltimore.

Baltimore, Md., Sept. 17.—The first convention of the Cigarmakers' International Union of America to be called since 1895, assembled here today for a session which is expected to last two or three weeks.

PERFECT UNION OF TWO BODIES

Fort Wayne and Northeastern Baptist Associations Unite.

ADOPTED A NEW NAME

At the joint session held this forenoon at the First Baptist church of the Fort Wayne Baptist association and the Baptist Association of Northeastern Indiana, heretofore two independent bodies, it was unanimously voted to unite the two associations as one church body, dissolving at the same time the existence of the old bodies, a move that will result in great practical good and make the newly formed body a stronger organization, better in every way to meet the necessities of the churches represented.

This union, with Rev. A. B. Whitney, of Huntington, as temporary moderator, and T. E. Covington, of Fort Wayne, as temporary clerk, was perfected at the afternoon session today by the adopting of a name and a constitution for the newly formed association and the election of permanent officers, who immediately assumed their offices. The union was perfected with an unanimity on the part of the ministerial and lay membership of the two associations that augurs greater influence for good in the work of the church.

New Officers Elected.

Principal interest in the afternoon session today centered in the election of the officers of the united association. The nomination committee, through its chairman, Rev. C. E. Ehle, of Fort Wayne, submitted the following nominations to the association and its recommendations were adopted:

Moderator—Deacon E. W. Lewis, Fort Wayne.

Vice Moderators—Rev. John Walton, Garrett; Rev. Joseph Belcher, Wolcottville.

Clerk—Rev. T. E. Covington, Fort Wayne.

Treasurer—Rev. F. M. Reece, Auburn.

The committee on new constitution made its report preceding the election of officers and it was adopted. It gave "The Fort Wayne Baptist Association" as the name for the united body.

Largely Attended.

The sessions of the association are being largely attended, ministerial and lay delegates being here from practically all of the congregations in Northeastern Indiana. When the body convened in joint session this morning at the auditorium of the First Baptist church the devotions were conducted by Rev. John Walton, of Garrett. This was followed by the introduction of the new pastors who had moved into the association territory since the last meetings, Rev. C. H. Snashall and Rev. C. E. Ehle, of Fort Wayne, and Rev. A. B. Whitney, of Huntington.

Rev. C. E. Stanton, representing the board of missions, was then introduced and spoke briefly. The report of the committee to consider the advisability of the union of the two organizations was made through its chairman, E. W. Lewis, and as mentioned above, was adopted.

Fraternity delegates to the two other church bodies now meeting in Fort Wayne, were appointed as follows: Rev. C. E. Ehle, of Fort Wayne, and Rev. Mr. Gibbs, of Ellettsburg, La., the missionary convention of the Methodist and Iowa, Whitney and Belcher to the Presbytery of Fort Wayne.

Last Evening's Session.

The opening sermon of the sessions was preached Monday evening at the auditorium of the church by Rev. A. A. Kay, of Oswego, his theme being "Knowing Our Time." It was a masterful handling of the subject.

The following committees were named:

Nomination—Rev. Charles E. Ehle, Carey Breuneman and Rev. Herring.
Place and speakers for next meeting of association—Rev. A. B. Whitney, Rev. A. A. Kay and Rev. Jos. Belcher.
Ordinary—Rev. Chas. E. Ehle, Rev. D. W. Sanders and C. H. Snashall.
Order of business—E. W. Lewis, Rev. A. B. Whitney and Rev. J. Thurston Gibbs.

The retiring moderator, Rev. H. B. Truman, of Warsaw, presided at the sessions Monday evening and at the opening session this afternoon. The welcome address last night was by the pastor of the church, Rev. C. H. Snashall and the response by Rev. A. B. Whitney. At the session to be held this evening Rev. Mr. Snashall will deliver the address, his subject being, "Each Pastor Has His Own Evangelist."

HE WILL CALL A SPECIAL SESSION

the various states, but there are certain matters which we can and will take up in congress, if the opportunity is given me.

Work for Congress.

"I would have congress take up three things: First is the application of our program to employees of the government. Next is its application to the District of Columbia and Alaska. In the third place, we would apply it to interstate commerce as far as would be possible."

Colonel Roosevelt said it was difficult to define the lengths to which congress could go in dealing with concerns engaged in interstate commerce through congressional action. He would attempt to put on the statute books, he said as much legislation along these lines as could be applied to the railroads and the usual concerns doing an interstate commerce business. In the District of Columbia, Col. Roosevelt said he would put into effect laws which would make the city of Washington a model, not only for the United States, but for the nations of the world. A great deal of money had been spent, he said, in building boulevards and public adornments in the city and he thought that some of this money should go to the improvement of the condition of the poor. He said he would urge laws to clear out the alley tenements and to build small flats for the workmen and would advocate the adoption of the complete program of the progressive party's human welfare plank in the district.

RETAKE EL TIGRE WITHOUT A SHOT

Rich Mining Camp Again in Hands of Mexican Federals.

REBELS IN FLIGHT

Douglas, Ariz., Sept. 17.—El Tigre, one of the richest mining camps in Northern Mexico, was retaken by federals at 4:30 o'clock yesterday afternoon after having been in the hands of the rebel band of Inez Salazar for two days.

Telephone communication with the camp was restored just as the federal troops were moving in and Supt. J. B. Burrow, telegraphed that the rebels were still in sight, going over the hills. Not a shot was fired in the recapture of the town.

A hundred federals, chiefly Yaqui Indians, marched into the town and the small band of rebels that had remained to await the reply to the demand for \$100,000 ransom, took to the hills.

Several hundred additional federals are encamped in the vicinity of the town.

The rebels are reported to have taken with them \$20,000 worth of gold and silver bullion.

News of the relief of El Tigre was received here with much rejoicing. There had been disquieting rumors all day of mistreatment of Americans by rebels.

red and separated the deputies who had threatened each other. The tumult, however, continued.

Only a few spectators were in the chamber and neither police nor military appeared during the pandemonium, although disorder had been anticipated.

Stormy scenes also were witnessed in the Hungarian parliament during its closing sittings in June last which culminated in an attempt being made to assassinate Count Tisza. The president of the chamber was shot at three times by an opposition deputy, Julius Kovacs, who fired two bullets into his body, wounding himself seriously. The count escaped unharm. Count Tisza was elected on May 22 last. He is an opponent of universal suffrage and on this issue his election was contested with a bitterness that resulted in violence in the chamber and in bloodshed on the streets.

DE PALMA FAST IN PRACTICE.

Crowds Witness Preliminary Tests on Auto Course at Milwaukee.

Milwaukee, Wis., Sept. 17.—In spite of threatening weather large crowds turned out today to see the grand practice for the Vanderbilt cup—Grand Prix automobile meet. Although the course was wet and slippery, most of the drivers treated the spectators to some sensational brushups down the stretch. Owing to the muddy turns the laps were not made anything like as fast as can be done on a dry course. Most of the pilots were satisfied with a sixty-mile gall.

De Palma made the fastest lap, covering the eight miles in seven minutes and fifteen seconds. Considering the condition of the course this was sensational.

SEARCH FOR OTHER BODIES.

Naval Funeral Services Held at Chicago for Six Recruits.

Chicago, Sept. 17.—Naval funeral services were held today at the United States training station near North Chicago for six of the recruits who were drowned Sunday when a cutter in which they were sailing overturned off Lake bluff. Later their bodies will be sent to their homes. Search was continued for three recruits who are missing.

Hon. W. S. Wells, supreme organizer for the Benevolent Order of Buffaloes, leaves this evening for Cincinnati, where a new hall is to be organized within the near future.

THE DEATHS.

FUNERAL NOTICES.

Niezer.—Funeral services for J. B. Niezer, Wednesday morning at 9:30 o'clock from the Cathedral of the Immaculate Conception, Rev. J. R. Quindlan officiating. The funeral party will leave the residence, 524 West Wayne street, at 9 o'clock. There will be no services from the residence. Interment at the Catholic cemetery.

Honorary pall-bearers from the Knights of Columbus are Dr. E. J. McOscar, E. J. Golden, W. J. Lennert, G. B. Grinnam, P. J. McDonald and Dennis Gorman. Family pall-bearers are Louis Fox, Dr. W. A. Connolly, W. H. Dreier, Robert DeWald, Peter McArdle and Dr. D. A. Kauffman. The active pall-bearers were selected as follows: John W. Eggeman, Charles Eynson, Martin Rundell, Herman Niezer, Charles Rundell and Fred Eggeman.

In honor to the deceased, who served as auditor of Allen county many years ago, the offices of the county auditor and county commissioners will be closed from 8:30 until 9 o'clock tomorrow morning.

Brown.—Funeral services for John H. Brown Thursday afternoon at 2:30 o'clock from the residence, 1244 Ewing street.

HIT BY TIMBERS.

C. H. Stone Suffered Concussion of Brain from Accident.

C. H. Stone was struck on the head by some timbers while at work at the Wabash elevation work this morning, and suffered a concussion of the brain. He was taken to St. Joseph's hospital, and his condition this afternoon is said to be favorable. Stone's home is in Parkersburg, West Virginia, and he is employed by the Hannan-Hickey Construction company.

GAYNOR SUED FOR LIBEL.

New York Mayor is Made Defendant in \$100,000 Action.

New York, Sept. 17.—Mayor Gaynor was served today with a summons in a \$100,000 libel suit brought against him by Alderman Curran, chairman of the Aldermanic committee investigating graft in the police department. Curran alleges that the mayor made remarks derogatory to his character in connection with the investigation.

BEEBUG IS ISSUE IN COURT.

Causes Jury to Move and Brings Objection to Verdict.

Columbus, Ind., Sept. 17.—Whether a poor, hard-working little bee bug will have anything to do with a man's liberty is to be determined this week in the Bartholomew circuit court. When the jury in the case against Emmer Reed, of Tipton, charged with dynamiting the Tipton school building was sent to the room usually used for jury duty in the court house, one of the jurors said he had found a bee bug.

BOILER ACCIDENT FATAL.

Elgin, Ill., Sept. 17.—Two men were killed, one fatally hurt and a third seriously injured at Coleman station, seven miles south of Elgin today, when a factory boiler exploded. Robert Payne was blown 75 feet and Stephen Woback twice that distance. Both were killed.

URNS DEMOCRAT AT 100.

Centenarian Tired of Voting Republican Ticket After Fifty Years.

St. Louis, Sept. 17.—On his one hundredth birthday Benjamin West, of Belleville, renounced his half century allegiance to the republican party and announced that for the first time in his life he would support a democrat for the presidency.

Benjamin West is older than any of the present political parties. He was an elderly man when he joined the republican party in the late fifties. The whigs and the free soilers, the anti-Masons and the federalists were the parties of his early recollection. The party that he will support in the coming election is younger by far than himself.

BULLETIN.

Tucson, Ariz., Sept. 17.—Federals commanded by Col. Soto overtook the rebel band of Emilio Campa, at Sasabe, in the Altar district of Sonora, yesterday, and engaged the rebels in battle, according to advices received here today. Fighting was still in progress today. Americans in the Altar district are taking refuge on this side of the line.

NOT AFTER FRANCHISE.

Attorney Barrett Says Lafayette Only Wants Tracks Repaired.

Assistant Manager S. W. Greenland and General Counsel James M. Barrett, of the Fort Wayne and Northern Indiana Traction company, returned this morning from Lafayette, where last night three ordinances were passed by the city council, demanding that the traction company make certain repairs to its city tracks within the next thirty days.

"Nothing was done toward revoking the company's franchise," said Attorney Barrett. "The council merely passed three minor ordinances. One demands the traction company to remove about one block of track that has not been in use for some time, and the other two pertain to certain sections of track which turn from the main line to property, which they declare is not included in the franchise."

"The report that the city had revoked the company's license was wrong. Nothing toward this end was done, and we will peacefully settle the complaints within due course of time."

Miss N. Elmore Scott, Ph. D., who had been spending the summer with her parents, left last evening for the east to resume her position as professor of history in Wilson college.

NEWS OF OUR NEIGHBORING TOWNS

HOMEWARD MARCH OF BATTERY BOYS

Fort Wayne Company Spent Sunday at Piercet and Made March on Monday to Peabody.

Columbia City, Ind., Sept. 17.—Battery B, of Fort Wayne, accompanied by a full paraphernalia, including horses, guns, men, and ammunition wagons, on an eight day hike through this section of the country arrived in this city Monday morning at 11:45 o'clock and remained here until one o'clock when they again started on the march for Peabody, six miles south of this city where they camped last night and this morning proceeded on to Fort Wayne, where the day's march will end.

The men left Fort Wayne just one week ago Monday and during that time they have visited a number of cities and towns and they report that they have enjoyed every minute of the time while enroute and that the experience has been a great thing for them.

The battery camped Sunday at Piercet where on Sunday afternoon they gave a mounted drill before an audience of nearly 500 people and the drill according to those who accompany the battery was enjoyed by all and the people were treated to some warfare tactics.

Mr. Snyder, of Piercet, an expert rider has about 75 horses on the trip. The horses are under the care and supervision of Abe Bach and Jack Meibers who are part owners in the stock. For this trip the owners of these horses receive from the government the sum of \$2,000 for their use.

PUTS STEEL IN GIRL'S LEG.

Surgeon Mends Broken Bone by Fastening in Metal.

Pittsburg, Sept. 17.—With a band of steel fastened with steel screws to a bone in one of her legs, broken in an automobile accident, doctors declare Miss Mary Coffin soon will be as well as ever. The girl, daughter of William C. Coffin, of the Jones & Laughlin Steel company, was driving her own automobile when the machine leaped an embankment and rolled on her. Dr. William O'Neill Sherman performed the operation, devising a band of vanadium steel and the screws. These will be left inside the injured leg, and according to the doctor will produce no bad after-effects. The operation is the first of the kind ever tried here and will mean the elimination of all deformities due to faulty knitting of bones.

SCHOOL MEN IN

A BAD MUDDLE

Difficulty Between County Superintendent and Teacher Results in License Revocation.

Decatur, Ind., Sept. 17.—As an outcome of the difficulties between Prof. Daniel Baumgartner, of the Decatur high school, and Lawrence E. Opliger, county superintendent of schools for Adams county, an order was issued yesterday by the superintendent revoking the teachers' license of Prof. Baumgartner.

After receiving the revocation Mr. Baumgartner consulted an attorney, when he returned to his schoolroom and began work just as if the revocation had not been issued. Under the law Mr. Baumgartner has five days in which to appeal the matter to the state superintendent. This will be done and the matter fought out before that official.

Although the men are brothers-in-law there has not been the best of feeling between them for some time and especially has this been so since the beginning of divorce proceedings by Mrs. Opliger, who is a sister of Mr. Baumgartner.

One week ago Sunday the men had a difficulty at Linn Grove and as a result three affidavits were filed against Baumgartner, one for assault and battery, one for trespass and a third to require a bond to keep the peace. The last case was tried Friday before Squire Stone and Mr. Baumgartner held to the circuit court on a bond of \$500.

Prof. Baumgartner has been teaching in the schools of Adams county for many years and for several years has been one of the high school teachers. He is regarded as one of the foremost teachers in the county.

PASTOR RESIGNED

AT KENDALLVILLE

Rev. A. Judson Arrick, of Presbyterian Church, Will Enter Another Line of Work.

Kendallville, Ind., Sept. 17.—Rev. A. Judson Arrick, for the last five years pastor of the First Presbyterian church in this city, has tendered his resignation as such, to take effect on October 1. He will enter another field of work. Two opportunities offer themselves to him at the present time, one of which is the management of the Presbyterian Family Altar League, with headquarters in Chicago, while the other is a proposition which may take him to Pennsylvania in charge of presbyterian evangelistic work.

Rev. Mr. Arrick is regarded as an earnest and conscientious worker and during his residence in this city has always been a fearless advocate of that which he believes to be right and his pastoral work has advanced greatly the material interests of the church. He is one of the well known ministers of the Presbytery of Fort Wayne.

TASTE, SMELL AND HEARING RESTORED

A Simple, Harmless Remedy Quickly Relieves Catarrhal Deafness.

The thousands who suffer the miseries of colds and catarrh and claim they have never found a cure can get instant relief by simply anointing the nostrils with Ely's Cream Balm.

Unlike internal medicines which upset the stomach, or strong snuffs which only aggravate the trouble, this cleansing, healing, antiseptic Balm instantly reaches the seat of the trouble, stops the nasty discharge, clears the nose, head and throat, and brings back the sense of taste and smell and improves the hearing. More than this, it strengthens the weakened and diseased tissues, thus protecting you against a return of the trouble. This remedy will cure a cold in a day, and prevent its becoming chronic or resulting in catarrh.

Nasal catarrh is an inflammation of the membrane lining the air passages, and cannot be reached by mixtures taken into the stomach, nor can it be cured by snuffs and powders which only cause additional irritation. Don't waste time on them. Get a 50 cent bottle of Ely's Cream Balm from your druggist, and after using it for a day you will wish you had tried it sooner.

Mothers should give the children Ely's Cream Balm for colds and croup. It is perfectly harmless, and pleasant to take. Agents, Meyer Bros. Co.

Following Sunday morning. Many Ossian people have received invitations from the Prospect church, and will be present at the services.

Rev. A. S. Elzey preached at Mt. Zion last night.

RURAL LETTED CARRIERS.

National Convention Takes Up Work at Nashville.

Nashville, Tenn., Sept. 17.—The National Rural Letter Carriers' association opened a four days' meeting here today with delegates present from practically all the states. The morning session was devoted to appointment of committees. The Presidential Association of Postmasters, also in session today, will be addressed by Fourth Assistant Postmaster General P. V. DeGraw, and Chief Postoffice Inspector R. S. Sharp during the session.

UGH! NOT CALOMEL, OIL OR SALTS, BUT DELICIOUS "SYRUP OF FIGS."

Give your stomach, liver and 30 feet of bowels a thorough cleansing without gripe or nausea. Ends headache, biliousness, indigestion and constipation.

This wonderful fruit laxative acts as a liver and bowel cleanser—tonic—not as an irritant. Its action is natural and gentle—no gripping. It is delicious—no gripping. It is positive and prompt—no waiting.

If your stomach is sour and filled with vile gases, your head aches, or you are bilious, nervous, dizzy, half sick, your tongue coated, your thirty feet of bowels clogged with waste not properly carried off—don't wait. Surely take a teaspoonful of delicious Syrup of Figs tonight, and in the morning all constipated waste, sour bile, gases and poisons will move on and out of the system. Syrup is an imitation often meant to seem, gently but thoroughly—no gripping deceive you. Refuse such with con—no nausea—no weakness. In the old tempt.

Ask your druggist for "Syrup of Figs and Elixir of Senna," and look for the name, California Fig Syrup Company, on the label. This is the genuine, reliable, old reliable. Any other, so-called Fig Syrup is an imitation often meant to seem, gently but thoroughly—no gripping deceive you. Refuse such with con—no nausea—no weakness. In the old tempt.

William Schroeder is again in a most serious condition.

The Campaign and Business.

However mixed may be the political situation this year, one gratifying feature of the campaign stands out strikingly. That is the complete absence of the campaign alarmist—the doleful individual who in years gone by invariably went about with lugubrious cast of countenance arguing that business had been utterly stunned by the political campaign and predicting that the republic must surely hit the rocks in the event the American people permitted themselves to be deluded by the heresies of the opposition and elected the champion of those heresies to the presidency of the United States.

Here in the very midst of the most striking presidential campaign in recent years comes no less an authority that President James McCrea, of the Pennsylvania railroad, and not only declares that the future not only holds for us prosperity greater than has ever been enjoyed by the nation, but that prosperity is already here. "The pulse of the whole country is beating to the rhythm of happier times," is Mr. McCrea's happy manner of expressing it. Indeed, the present situation would seem to demonstrate that the old-time belief that a presidential campaign of necessity meant the temporary wrecking of business was mere superstitious moonshine. We believed it because everybody had always said it was so. This is the first time the country has ever taken the trouble to get on the optimistic side of the proposition and not make either politics of business or business of politics.

According to the Japanese view of it, General Nogi appears to have done the eminently proper thing in committing suicide following the death of his cherished friend, the emperor. Which may be all very well from the Japanese standpoint, but here in America when an official dignity who has enjoyed the emoluments of an attractive office passes away, a considerable number of his friends and most of his enemies devote their energies to an attempt to get the job he has just vacated.

Governor Wilson's first trip across the state of Indiana since his nomination at Baltimore must have been heart-warming to the democratic nominee. Dispatches indicate that at every stop of the Wilson train in Hoosierdom there was in waiting an enthusiastic crowd of Hoosier folk to greet the democratic leader, and if there had been any suspicion of democratic apathy here, Governor Wilson's reception in half a dozen or more Indiana cities certainly dispelled it.

The suggestion of Prof. Louis Dorn, of the park board, that Fort Wayne begin the creation of a zoological garden is one which is attracting much favorable comment. With the development of the city park system, a zoo would be an entirely natural and valuable acquisition to the points of interest about the city from its benefit in an educational way.

The real solution of the garbage disposal problem in Fort Wayne will be given a start only when the city takes steps for the gradual accumulation of a fund to provide an adequate reduction system to replace the overtaxed and worn out crematory device upon which we are still depending.

Judge Mungovan has reached the conclusion that the latitude of penalty permitted in his court is insufficient to properly deal with men who neglect their families. There will be general agreement that in some of the more aggravated cases of this character capital punishment would hardly seem too strong to properly fit them.

WHO IS THE TYPICAL AMERICAN?

A hard question, to be sure.

And yet it is with great confidence that we nominate for the position our most typical American, that sterling citizen, Mr. John Martiner, of Chicago.

His life is an open book—and so is his abdomen. They operated upon him at the Cook county hospital the other day and found in his stomach almost a complete assortment of general merchandise which he had swallowed from time to time in the past eighteen years in winning his name as the "human tool chest."

There the proceeds of the operation lie in the museum of the hospital, neatly mounted on cardboard. The following described articles, to-wit: Nineteen pocket knives, seventeen nails, five knife blades, a dozen screws, a small watch, a silver dollar and other articles too numerous to mention.

Mr. Martiner is our most representative citizen for the following reasons: Like the good old U. S. A., he has taken into his protective system the manufacture of articles of the nation. The currency represents the steel trust and the various metal combines. The silver dollar is the money trust. The watch stands for the gentlemen who sell timepieces in Europe so low that they are reimported and sold in New York for less, after paying freight both ways, than the watch trust makes dealers charge us for the same articles. In short, Mr. Martiner has done to an extent which has been achieved by no

other American citizen, just what the nation has done.

He has swallowed a lot of manufactures that elsewhere might have staid out in the open competition of the world and taken care of themselves.

In another respect he represents the celebrated American system. He had pains in his stomach at times. Still truly American. When these pains came he laid them to something else—probably "agitation."

"Eating knives and all that stuff never hurt me," said Mr. Martiner, "but sometimes I'd get terrible pains in my stomach."

How truly, how typically American! Do we hear other nominations? Hearing none, Mr. Martiner is nominated by acclamation as our most representative citizen!

The watch had run down. So had Mr. Martiner. But the almighty dollar held its traditional brightness. Once more, how typical!

THE SUICIDE OF NOGI

(New York World.)

If the Duke of Wellington had killed himself upon the death of King William of England in 1837; if the aged Von Moltke had slain himself on the day of the old German Emperor William's funeral; if General Grant had sought his own death on the burial day of Abraham Lincoln, we should have had an incident only partially paralleling the act of General Nogi, hero of Port Arthur, in committing suicide recently to honor his dead emperor.

Had either of these three great war

heroes done such a deed his nation would have assumed at once that he was deranged. In Japan all will know that Nogi did not act hastily or upon sudden impulse. The people will credit him with the fullest possession of his faculties. They will find in Countess Nogi, who willingly shared her lord's supreme act of sorrow and reverence, an admirable pattern of the old-fashioned virtues for the wives of the land.

"For east is east and west is west." This Japan which is so modern and up-to-date in arms, in medicine, in industries, in trade, in education, is still oriental and, to western minds, unfathomable. Its ways of thought are not our ways.

The eastern custom of coronation hara-kiri is no rare thing. When the crown prince of Greece and the present czar of Russia were touring Japan years ago and an unbalanced man assaulted them, many humble persons slew themselves to express their grief, and one young woman traveled about half the kingdom's length to die on the very place where the nation's guests had been attacked. But that a great general should thus provide his sovereign with an honorable personal escort, past the shades, shows how little changed in essentials of thought and belief are even the greatest in the new Japan.

OUTBREAK ON ANOTHER BEAT.

(Pittsburg Dispatch.)

As if Policeman Uncle Sam was not kept busy enough by the disturbances in Mexico and the mutterings in Cuba and elsewhere, trouble is reported on the San Domingo beat, where a hurry cepted the receivership for that previous revolution. This is the more surprising because we were promised when we accepted the receivership for that previous revolution-torn republic and took over the management of its customs and financial affairs that the chief benefit to be derived from our intervention then would be to remove the temptation from the revolutionists and thus to promote an era of peace and progress in that unhappy isle. Now it seems that there are other things to fight for besides the customs, or perhaps the very financial improvement that our receivership has made possible makes the bait for revolutionary movements all the more attractive.

There is one consolation in the San Domingo matter. If it becomes necessary to act in order to protect the customs and the American officials in charge, it will not require more than calling the patrol wagons to the door. In fact, the mere rumor that the call has been turned in may do the business. The Dominican revolutionists have no intention of making even a bluff at resisting Uncle Sam's authority.

SCRAMBLED POLITICS.

Bull moose and regular stood shoulder to shoulder in Maine and carried the state for the republican ticket. Apparently there has been some mistake in diagnosing the republican party as ready for the corner. Likewise apparently the bull moose party is in some localities after the office pretty considerably. Also apparently, there is some justification for democrats in considering Mr. Wilson to be as genuinely progressive as the next fellow. And while Governor Hiram Johnson is in the east campaigning for the vice presidency, the California moose decide to put him on the ticket by petition. The fellow who can keep his political hat on straight nowadays is quite a milliner.

IS CENTER OF ALL CHURCHES

Rev. Rowe Dwells Strongly on the Home Missions of Chicago.

AT M. E. CONVENTION

There are more Swedish churches, more German Methodist churches, more Russian churches, more Bohemian churches and more Scandinavian churches in the city of Chicago than in any other place in the world," said Rev. James Rowe, D. D., of Chicago, in addressing the ministers and principal laymen of the Northern Indiana Conference of the Methodist Episcopal church which is holding its missionary evangelistic convention at the Trinity M. E. church in this city.

Rev. Rowe addressed the convention at the Monday evening session upon "Home Missions" and in his talk at that time he declared that Chicago is the religious center of the world. Rev. Rowe's style of address is not only convincing and impressive, but holds the attention of his audience closely. He intermingles his sentences with witticisms and personal remarks that mark him as a remarkably fascinating speaker. Rev. Rowe was also on the program this morning speaking to the preachers upon their work in the conference. On Monday evening greetings were received from the Baptist convention.

Gilliam is Treasurer.

At a short business session this morning Alda R. Gilliam was chosen treasurer of the conference, and several other minor business matters were attended to. U. S. A. Bridge spoke upon the subject of "The Church's Need of a World-Wide Field" in the place of Rev. Travis. In general, the speaker developed two propositions—first, that if the church does not reach out to all the world it disregards the commands of Christ; and second, that if the church does not reach out, it must die at home. For expansion is necessary to the life of religion.

Mr. Bridges compared the capital of the Standard Oil company and the board of missions of the Methodist Episcopal church, pointing out where both are about equal, and yet how much more strongly organized over the entire world is the Rockefeller concern. J. W. Cain, general secretary of the conference, spoke to the convention in the interests of the Preachers' Aid society, and told of the newly determined plan to raise \$150,000 for the society instead of \$60,000. The morning session adjourned following a round table discussion upon general religious topics.

Rev. Charles Lee, a native of Korea, addressed the convention this afternoon, giving some of his more interesting experiences in the foreign land. Other interesting talks during the afternoon were by F. W. Westhafer, W. M. Hollenpeter, Lewis D. Rehl, J. O. Campbell and F. H. Brennan.

The missionary convention will adjourn Wednesday evening.

THREE KILLED BY TRAIN

Muskegon Women Meet Death Collecting for Church Supper.

Muskegon, Mich., Sept. 17.—Three women collecting provisions for a church supper, were killed yesterday when a train crashed into a rig in which they were riding. The victims were Mrs. Ole Reagler, Mrs. Gertrude Witt and Miss Adolph Turlock. Mrs. Reagler was probably instantly killed. The other women died in a hospital.

The accident occurred at a local crossing and the engine carried the victims and debris about 300 feet before it came to a stop.

TEDDY MEN WILL ORGANIZE A CLUB

Will Be Addressed Tonight by Mrs. A. R. Black, Noted Suffragist.

EXPECT A BIG CROWD

At a meeting of progressives of Allen county to be held this evening at bull moose headquarters on Clinton street an attempt will be made to organize a Roosevelt club, an organization which will play a prominent part in the forthcoming campaign.

The principal speaker will be Mrs. A. R. Black, of Cleveland, who, with her husband, is touring the country delivering lectures in the interest of the suffragist movement. She is one of the best known speakers on the subject of equal rights, and is a strong supporter of Theodore Roosevelt. She will speak this evening to the progressives of Allen county, urging them to work unitedly for the election of their candidate for president. Mrs. Black is stopping over in Fort Wayne for a few days before going to Indianapolis.

Strong in Whitley.

Mr. Litman was at Columbia City yesterday and had a conference with Lloyd T. Bailey, chairman of the Whitley county progressives. Mr. Litman brings back news that the voters of Whitley county are strong for the third party movement and have one of the best county organizations in northern Indiana. Mr. Bailey is an experienced politician, and before accepting the chairmanship of the bull moose party was a republican central committeeman.

EXPECT TO SHOW WAIVER FORGERY

Document Likely to Shatter the Alleged Will of Mrs. Szabo.

IN THE GIBSON CASE

New York, Sept. 17.—The arrival of the steamer Kaiser Wilhelm III with Franz Menschik aboard was awaited with eagerness today by Dr. Fritz Fischerbauer, the Austrian consul, and the detectives who have been investigating the death of Menschik's sister, Rosa Benschik Szabo, while boating on Greenwood lake last July.

Menschik was expected to have with him official documents which Dr. Fischerbauer will furnish as evidence in the examination of Burton W. Gibson, Mrs. Szabo's lawyer, who is locked up in the Orange county jail at Goshen, N. Y., on a charge of murdering Mrs. Szabo.

Foremost in importance among these documents Dr. Fischerbauer regards the certificate of death of Mrs. Petronella Menschik, Mrs. Szabo's mother. Dr. Fischerbauer alleges that Mrs. Menschik died in Vienna in 1910 and upon this assertion brands as a forgery a waiver attached to the will, purporting to have been signed by Mrs. Menschik a few days after Mrs. Szabo's death.

The steamer was expected to dock this afternoon. During the forenoon there was scheduled a hearing before Surrogate Fowler on Dr. Fischerbauer's petition to have Gibson removed as executor of Mrs. Szabo's estate. Appala Kremer, the consul's lawyer, said he thought that an adjournment would be asked on Gibson's behalf and said that he was willing that a reasonable postponement be granted.

From his cell Gibson is directing his defense in this case as well as in his examination on the charge of murder, which has been set down for Sept. 24.

Mother Dead Two Years.

Menschik, on his arrival last in the day, went at once to the Austro-Hungarian consulate, where he deposited a death certificate showing that his mother had died in Vienna two years ago. Gibson, now in jail charged with Mrs. Szabo's murder, declares that the mother is living and some time ago he produced a waiver of citation that purported to be signed by her as beneficiary of Mrs. Szabo's estate, turning the property over to him. Franz Menschik speaks no English. He repeated that his mother had died in 1910 and that he had come here to testify not only at Gibson's murder trial, but at the surrogate's proceedings looking to the removal of the lawyer as executor of his dead sister's estate. He probably will be a witness when Gibson is arraigned for a hearing, Sept. 30.

GAVE HICKS ONE MONTH OF GRACE

Must Provide for Children in Meantime by Order of Court.

RAISES A NEW POINT

Clarence Hicks was given a month of grace by Judge Frank Mungovan in the city court today after his divorced wife told that he had not provided for their children for three months and his case will be called Oct. 17. If he shows in the meantime a disposition to provide for the children all will be well but if he does not he will probably go to the circuit court to make a test of the statute that makes neglect of children a felony.

He has married since he was divorced from the mother of his children and in his defense Judge Hench stated that the criminal statute does not apply to him as he has been ordered by the divorce court to pay \$15 a month for the children and that he can only be brought up on contempt charges.

The Other Cases.

Arthur Harsburger and W. E. Cain, arrested last night on a charge of loitering and claiming to be railroad men in search of work, were held until the Huntington authorities can be heard from.

Richard Finley, Phil Houser and H. L. Kinas, plain drunks, were let go.

George Beatty was fined \$5 and costs for vagrancy and Ernest Rump and John Cavanaugh, drunks, were held until Sept. 21 and 25 respectively.

Paul Clay, arrested for loitering, was held until Sept. 24 for investigation.

The case of embezzlement preferred against Ed. Keller by J. H. Harnas, was taken up at the afternoon session.

William Murphy was fined \$5 and costs for drunkenness.

JACKSON WANTS MILITIA MOVED

City Council Calls on Governor Osborn to Take Action.

HE CALLS IT DISGRACE

Jackson, Mich., Sept. 17.—At a meeting of the city council last night a communication from the mayor was read stating that the presence of the state militia here is a menace to the city and disgracing it in the eyes of the whole country, and recommending that some action be taken to correct the evil.

Following the reading of this communication a resolution was adopted by the council asking the governor to remove the troops, or, if it is necessary to keep them here to protect the state prison, have them confined within the military lines, and not permitted in any other portion of the city.

An investigation to fix the responsibility for the death of John Ely, shot and killed near Jackson prison, Saturday, was started by the state military board of inquiry. The board will probably be in session several days.

It is understood that the board has issued subpoenas for over a dozen witnesses, including Capt. Blackburn, who was in charge of the squad of soldiers guarding the state penitentiary, some of whom fired at Ely.

In a statement Blackburn said that no shots were fired until after Ely made a motion to strike soldiers from whom Ely had bought two rifles.

Local Organization Covered Total of 125.5 Miles in Good Condition.

IT WAS RECORD HIKE

Snubbed and travel stained, and with men, horses and equipment showing plainly the wear and tear of the road, battery B members triumphantly marched into town at noon today, after its week's conquest of the cities and villages of this section of Indiana.

The last lap of the road march of 127.5 miles, started this morning at 6:15 o'clock from a point south of Peabody, twenty-two miles from Fort Wayne. This was the longest lap of the entire trip and was made over muddy roads and through the rain, in a little more than six hours. The advance guard arrived at western limits of the city at 12:55 o'clock and marched through the business section of the city. The triumphant entry of the battery was witnessed by hundreds of people in the downtown district.

No sickness or serious accident marred the march and the one hundred horses and seventy men are none the worse for their journey. In spite of the fact that the men were not experienced on road work, such as was featured during the seven days, officers state that the best of military order was maintained and each day the members became more like regular artillery men.

Besides regular officers of the battery, the members were accompanied on the march by Inspector Instructor J. C. Maul, of the Indiana artillery, and Captain Greene, from the corps of surgeons. The local officers in charge were Captain Harry Clark, First Lieutenants Henry C. Moriarity and Leonard F. Wood and Second Lieutenants John C. Scheffer and Otto Brintzenhoef.

Longest March Made.

The road march just completed by battery B was longer than the road trips of either battery A or battery C, and according to Inspector Maul, demonstrates the fitness of the local organization, which is rated as one of the strongest and best equipped military bodies in the middle west. The march was ordered by the government.

"The trip was a great success in every particular," said Captain Harry Clark. "The boys were unaccustomed to the saddle and suffered considerably the first day or two, but each day witnessed marked improvement in the physical as well as the military order. The trip was the longest made by Indiana batteries, and shows that battery B is one of the best military organizations in the country."

The Different Stops.

The battery left Fort Wayne last Tuesday afternoon at 1 o'clock and the first stop was made at Aboit at 6:45 in the evening after a distance of 14.6 miles had been covered. Leaving Aboit at 9:30 o'clock Wednesday morning, the battery reached Huntington at 4:10 in the afternoon and remained there until 7:35 o'clock Thursday morning. Arriving at South Whitley Thursday afternoon at 4:10 o'clock they had covered a total distance of 47.7 miles.

The battery left South Whitley Friday morning at 7:45 and reached Claypool at 3:55, remaining there until Saturday morning, and then marching to Piercetown, finishing a total of 84.1 miles.

Sunday was spent at Piercetown, and during the afternoon a mounted drill was ordered and was witnessed by several hundred people. Leaving Piercetown at 7:30 o'clock Monday morning the organization reached Peabody at 3:30 o'clock yesterday afternoon and remained in camp south of the town until this morning.

Later musical selections were rendered by Miss Anna Potthoff and Miss George Anna Lauer and a delicious luncheon was served. Miss Ella Wehnert, of Wagner street, will be the next hostess.

Fortriede—Toenges.

Miss Frieda Toenges, a daughter of Mr. Henry Toenges, of 1218 Erie street, and Mr. Waldemar C. Fortriede, of 823 Washington boulevard west, greatly surprised their friends and relatives today by being quietly married in their new home at 1118 Cottage avenue, this morning. The date of the wedding had been set for the first of October. Immediately after the ceremony the bride and groom left on a trip of two weeks and on their return will receive congratulations of their many friends at their own home.

A Country Party.

A jolly company of young folks stopped at the home of Mr. and Mrs. Eli Bieber on Sept. 13, to celebrate the anniversary of her eleventh birth anniversary. The guests had planned not only a surprise and a good time but took with them a number of gifts for Miss Bieber. Many games were played and ice cream and other refreshments

was enjoyed afterwards. There were present the Misses Nina and Nancy Leonard, Frances Lamont, Golda, Blanche and Lottie Bieber, Erna Greisler, Viola and Gladys Voquetel, Josephine and Leila Nittle and Russel Dunton. Harold and Elmer Bieber, Joe Downes, Earl Voquetel, Mrs. George Voquetel, Mrs. Laura Mizner, Mr. and Mrs. Harvey Bieber, Mr. and Mrs. Allen Bieber, Mr. and Mrs. John Rorick.

NO BIDS ON THE WORK IN COUNTY

Contractors Too Busy to Take Care of the Smaller Jobs.

NOTES OF THE COURTS

Contractors are too busy to bid on small jobs in the county, and as a result a number of culverts and some repairs that were to have been let in the commissioners' court today, went by default. It will be impossible to get this work done until next year.

Edward Gallagher was awarded the contract for the culvert over Indian Creek, in the west end of the city, and he also took a number of other smaller contracts.

Settled Damage Suit.

In the circuit court today a judgment for \$1,000 was entered in the suit filed against the Fort Wayne Rolling Mills company by the Tri-State Loan and Trust company as administrator of the estate of Dorney Phillip. Phillip was a foreigner killed by the toppling of a big pile of scrap iron from which he was hauling iron to the furnaces.

Worked All the Time.

Emma Pearl Treace married Neal Treace a year ago and she says in her divorce complaint that he bought her no clothing and that she was compelled from the start to work for her own living. He is a chauffeur and is charged with keeping late hours and it is also stated that his habits are such that he could not hold a position. He stayed out, she says, until 3 and 4 o'clock in the morning and would not keep his engagements to meet her. W. H. Shambaugh filed the suit.

Walter Curdes has made application for a receiver for the business of William Hartwick, alleging that he is unable to collect a judgment of \$3,500 secured against him. Vesey & Vesey filed the suit.

DR. HARDMAN, Specialist

I Cure Pelvic, Chronic and Nervous Diseases

CURES AT YOUR OWN PRICE—Every person who calls on me before October 1st will not only receive a careful and thorough examination FREE OF CHARGE, but absolutely no fee will be charged during that time other than you yourself are willing to pay.

SCIENTIFIC AND THOROUGH EXAMINATION—I have made it a point never to treat any case until I had made a careful and thorough examination and definitely located the cause of the trouble. This takes time, care and a complete and scientific knowledge of the parts affected, both in health and in disease. The human body is a most complicated piece of mechanism. In fact, so complicated that it is impossible for any one person to thoroughly understand its normal, or healthy condition. How much more impossible, then, would it be to understand all the diseased conditions that may arise?

Knowing, as I do, the absolute futility of attempting to successfully treat every disease I have limited my study to PELVIC, CHRONIC AND NERVOUS DISEASES, and in my many years of experience in their treatment have enabled me to perfect methods which will positively and permanently restore to perfect health nearly all these conditions in which the ordinary methods have failed.

NERVOUS BREAKDOWN and nearly all nervous diseases are the direct result of CHRONIC or improperly treated PELVIC DISEASES. By my special methods in the treatment of these diseases I not only remove every trace of the disease itself, but am able to restore to a normal and healthy condition the broken-down and devitalized nervous system.

VARICOCELE, STRICTURE, RUPTURE, PILES, FISTULA, ETC., cured without knife and without detention from business.

BLOOD POISON—Only the most advanced methods are used by me in the treatment of Blood Poison and kindred diseases.

ECZEMA and other skin diseases are quickly and permanently cured.

PROSTATIC ENLARGEMENT—This may result from a number of causes. The constant jarring and vibration of trains and trolley cars are a very potent cause. Bicycle riding and the use of riding implements on the farm are factors in producing this disease. In fact, the causes are so common that fully 75 per cent. of all adults are afflicted to a greater or less extent by this disease. The disease is so little understood, and as one of the principal symptoms is a pain in the back, it is usually called kidney trouble, and treated with local applications or cathartics, which can do no possible good whatever. I reduce the enlargement and have been able to cure about 93 per cent. of all cases.

"CASEY JONES" AT THE MAJESTIC.

Music and Fun by Olle Mack and John Kearney and Capable Company.

Olle Mack is at the Majestic with all his old time proficiency for amusing the public. Mr. Mack has the support of John J. Kearney, who, if he did nothing else but tell his new version of the boy who put a tack in his teacher's chair, would be worth seeing, and a number of pretty chorus girls and new features that are also amusing and entertaining. The close of the second act is a genuine pillow fight. It is certainly a novelty and lively and funny enough to amuse everyone who hasn't forgotten how to be young and has seen too few years to be old.

The performance is just what it advertises to be, a laugh producer and entertainer. No one is supposed to think at all while seeing "Casey Jones" who is as funny as ever. It takes three acts to get all there is out of this piece of "gagety" as it is styled and as it will be here tonight and tomorrow with music and evening performances it is safe to say the attraction will draw big houses.

Your fall suit will need frequent dry cleaning and pressing to keep it looking like new all season. For "quality" work phone 555. Troy Dry Cleaning Co. 1742

AT THE MAJESTIC.

"The Curse of Drink" is the drama, "Ten Nights in a Bar Room," which comes to the Majestic theater for three nights, starting Thursday, is presented in an entirely new and novel manner inasmuch as it presents the depravity and demoralization of human species who have not the strength nor the inclination to withstand the illuring day-dreams that accompany the absorption of alcoholic stimulants. While the play is a concoction of pathos, sentimentality and heart interests, it must not be mistaken for congruous mass of ludicrous improbabilities. The story is concise and powerful. This production is complete in every detail and a company of excellence is promised.

AT THE TEMPLE

The Temple vaudeville presents a variety this week that is bound to entertain everybody a part of the time and the majority every minute of the time. There are no two numbers that are a bit alike from the finished acting of Mr. Seabrook in his impersonations of a drunken man and the clown character in the Bush and Peyer "acrobatic laughmakers," who don't talk at all. Both compel admiration for excellent acting equally with the laughing produced by the clever Connolly sisters. Then there is the big headliner, La Graciosa, in a spectacular transformation that is bewildering in beauty as well as novel. It is rightly named "Visions in Fairyland" and though one sitting close to the stage would get the finest effect by using the big end of his opera glasses, even without them the scene is wonderful and beautiful. It is of a superior order and an unusual act that is well worth seeing.

People who remember Thomas Q. Seabrook in comic opera singing "Sinbad the Sailor" or reading "jokes" from Joe Miller's joke book in the dungeon scene in the "Tele of Champagne" will delight in seeing this comedian again, for Mr. Seabrook is still funny while his first number is so artistically done as to compel great admiration, though it is so realistically acted that it just escapes being unpleasant. Mr. Seabrook certainly had the audience with him yesterday. His comedy is genuine humor and though some of it passed over the heads of his auditors they all got enough to bring him back several times.

The Connolly sisters have something different and the one who does the delightful part displays a refreshing originality in her work. Bush and Peyer, the acrobats of the bill, have a fine act. The work on the horizontal bar displays the most difficult of feats and the whole act is interesting and not too long.

Then there are Mabelle Rother and Clifton Anthony, who have singing and piano work by Mr. Anthony that is entertaining and the audience fully appreciated while Charles A. Loder and company in something they call "The Night Doctor" in two scenes, astonished the audience with an unexpected climax that

Billie Burke

WARNS GIRLS AGAINST MARRYING SICK OR WEAK MEN OUT OF "SYMPATHY."

MISS BILLIE BURKE.

By Billie Burke.

The First Word—IT IS JUST AS EASY TO FALL IN LOVE WITH A HEALTHY MAN AS A SICKLY ONE.

The Rev. Samuel George Smith, of Minnesota, startled all London recently by saying: "If I were to choose my own father, I'd rather have a robust burglar than a consumptive bishop."

The ideal man, in the mind of most girls, is one of health and strength, but many of them also have a silly notion that a dissipated man can be healthy. One hears so many times that it is the men with a large and redolent past who captures the finest girls.

Every normal girl not only should fear, but should be ashamed to give her children a tubercular father, for while the best authorities claim that tuberculosis is not hereditary, yet the weakness or tendency to it passed from one generation to the next and the disease itself is apt to go from parent to child because of the constant association of family life.

Pity is a sweet, womanly trait, and the poet says "pity is akin to love," but no girl with any sense should allow herself to become sentimentally interested in a man she knows is tainted with tuberculosis or any other disease which might in any way be transmitted to her children.

We are just beginning to realize the great part that bodily health plays in our lives—just learning that our bodies are only unclean as we make them unclean, and that the very first thing to be sought for in this world, if we would enjoy long life, is health of body and a knowledge of and right use of all its functions.

They say we cannot choose our fathers, but we certainly can choose who shall be the fathers of our children, and no silly consideration of self should interfere in the selection of a healthy man in preference to a weak one.

The minister quoted also said: "So long as women have strength and men have beauty, mating will not go far wrong," in other words, the union of strength and beauty means perfection.

Just one last word—MAKE YOURSELF BEAUTIFUL AND MARRY A MAN OF STRONG BODY AS WELL AS MIND.

Billie Burke

all at once lifted the force out of the commonplace.

The moving pictures this week present a pretty story and Mr. Dicey and his men are playing a particularly pretty number of pieces.

FOR INGROWN TOENAILS.

(By a Physician.)

Ingrown toenails are not only extremely painful, but sometimes very serious.

Like many other ills, if taken in time, they may be easily remedied. If left to grow worse, day by day, they are sometimes the cause of surgical treatment.

To cure by prevention is by far the easiest and best medical advice a physician can teach to any patient, whether it be toenails or cancer.

The common cases of ingrown toenails are improper footwear, and an improper method of cutting the nails. If the nail is cut too short, especially at the angles, while at the same time the shoe is too short or too narrow, the skin on the toe is forced over the nail. Consequently by the further growth of the nail, the flesh is pushed still further over until a point is reached where inflammation is set up.

The preventive measures of the trouble are—

First, in cutting of the nails. The toenail should be cut in concave form, the outer angle projecting beyond the toe. Then, if there is a tendency for the flesh to grow over the nail, the flesh should be pushed back from the nail and fastened in position with a strip of oxide of zinc plaster. A gauze packing should be inserted under the edge of the nail. A saturated solution of boric acid serves as an antiseptic dressing.

Installment stores, with prices at least 25 per cent. higher than ours, will give you 10 or even 15 per cent. off for cash. But when you trade with us we give you but 5 per cent off for cash. If you will not buy at that discount we let you go out, for we have but one price to everybody. An installment store will charge you \$10.00 for an article and perhaps give you 10 per cent. off for cash. That would make the article cost you \$9.00. We would price the same article at \$7.00 and give you 5 per cent. off. That would make the price \$6.65 as against \$9.00 for the store which gave you a 10 per cent. discount.

Then there are Mabelle Rother and Clifton Anthony, who have singing and piano work by Mr. Anthony that is entertaining and the audience fully appreciated while Charles A. Loder and company in something they call "The Night Doctor" in two scenes, astonished the audience with an unexpected climax that

JUST A FLIGHT OF WILD FANCY

Venturesome Writer Tells of

"Black Hand" in John

D.'s Back Yard.

HE WANTED A THRILL

(By Norman Rose.)

Pocantico Hills, N. Y., Sept. 17.—Your correspondent fully expected to march right square into the jaws of death when he came here to Uncle John Rockefeller's place, to take a few furtive peeps at the black-handers lurking behind the trees, the armed guards prowling about, and the Rockefeller menage scared stiff and clammy.

Your correspondent didn't march right square into the jaws of anything except a fine September day.

As for furtive peeps, marry a F. F. What was the use of furtively peeping when nobody was paying any attention to whether he, she or they was being peeped at or stared out of countenance?

Not a black hand in sight except the horny knits of the colored workmen who are to be found all over the place. As for armed guards, if there was any such, he was in hiding, and your correspondent couldn't find him.

First, your correspondent came to a gate with a big sign on it. The sign said, "Private Grounds. No Trespassing. John D. Rockefeller." So your correspondent walked right in. No one was to be seen.

Your correspondent walked down a road quite a piece, till he saw a dozen men, mostly negroes, picking apples. Your correspondent approached said men, picked up several of the apples and got away with them.

Progressing further into Rockefeller's estate, your correspondent came to the home of Superintendent Briggs. Was informed that Briggs was in New York. Still further penetrating, discovered a little stone stairway, climbed it, and found myself in a flower garden directly in front of the Rockefeller home. A lot of men were working in the garden, about fifty more were at work on the house, which is undergoing extensive repairs.

Your correspondent walked all around the house, promenade the porch, looked into the windows, gazed out upon the landscape. If he had been a black-hander and had had a few bombs in his clothes, he could have blown the whole Rockefeller institution to smithereens.

Your correspondent inspected the grotto, threw pebbles into the pool and, finally sat on the railing of the porch. It was about "BLACK HANDS" time to go home. An old gentleman on the roof, sporting snowy whiskers,

asked: "Hey, watcha doin' there? Git out!"

So your correspondent got out.

Now For The Greatest Millinery Event In Years

We have converted part of our Second Floor into a great, beautiful Millinery Store. - This is the surprise we have had in store for you. We have been working quietly for months---nobody saying a word. When an extra beautiful hat appeared on Fifth Avenue, in New York, we followed it down and got it just for you. When Lady Duff-Gordon of London, or Reboux or Georgette of Paris, sent over some rare creation, we got it and copied it and brought it here for you.

When Paris and New York began gathering all those rare trimmings from India and introducing those fantastic and barbaric designs of silver and gold, we gathered in the most beautiful of them and shipped them here. We have made this second floor so beautiful that it is like some garden you read about in a fairy book. When you see it, there ought to be enough feminine "Oh's" and "Ah's" of pleasure to make every pretty mouth in this city look ten times prettier from sheer delight.

And Now We Are Ready For You

The opening of this new Millinery Department, with all its beautiful display, is tomorrow morning.

There isn't a woman in this city whose heart won't beat faster when she thinks of all the beautiful things she is going to see.

For they are all here---everything that Paris and New York think are rare and beautiful.

Velvets by the hundreds, for Velvets are "all the go;" charming Gaby Sailors, with the flat trimming on

top of the brim on one side and beneath it on the other; charming Colonial styles and the new Simone; the new boat-shaped sailors over which Chicago is going crazy, and trimmings and flowers and wings that will just make your heart stand still.

Why, there is so much to see and to talk about here that this ought to mean as much to a woman as Christmas to a child.

Come as early as you can and as many as you can, and we'll be waiting for you.

ENCHANTING FEATHERS AND BIRDS OF PARADISE.

Our showing of the fashionable ostrich feathers, paradise, ospreys and aigrettes is positively the largest and most beautiful ever shown in the city. The same is true of the new wings, the gorgeous flowers, the old-gold and jet ornaments and bands---the like of which has never before been seen here. We are offering you creations found only in great metropolitan stores---bringing them here for your pleasure and choosing, and showing nothing but high-class, critically correct millinery.

SPECIAL INTRODUCTORY PRICES FOR TOMORROW'S SELLING.

In introducing this new department to the women of Fort Wayne and vicinity, we have planned particular price inducements for the opening day. Not only can you select your Autumn hat from a stock wonderful in scope, exclusive in design and authentic in style, but you have the advantage of remarkable price inducements. We want this splendid new department to render SERVICE in every sense of the word---to be helpful in values as well as in style features. Just how well we have succeeded you can yourself judge tomorrow.

SMART TAILORED STREET HATS A SPECIAL FEATURE

One test of the service of a millinery department is its showing of tailored hats. WE OFFER AT LEAST 150 NEW STYLES IN TAILORED EFFECTS---chic little hats, none larger than medium size---in perfect harmony with the Autumn tailored suits. These include the smart black and white effects, and also fashionable taupe, mole, grey, Damson red and fuchsia; new browns, tan and gold, Nankin, Chinese and French blue.

Swinging Into a Glorious Autumn With New Suits, New Coats, New Dresses

TAILORED AUTUMN SUITS

Among the new effects are the picturesque Robespierre collars, the becoming new-length jackets, the wider skirts and a score or more little details. Charming little separate vests; slashed skirts and some wonderfully clever slants and turns of the tailor's shears vary the styles to an almost unbelievable degree. The materials include cheviots in a beautiful diagonal weave; hard-twisted serges; wide wales in new effects; Scotch tweeds; broadcloths and handsome imported novelties.

SMART COATS

Woman's privilege this season is to choose a great, cover-all mannish top coat, or a lustrous broadcloth, or one of the wonderfully soft, fur-toned velours with a curious fastening. These all are here as well as the smart three-quarter length jackets which are so much in demand. Coats for dressy occasions, for the street, for automobiling, for general utility---you will be surprised at the diversity.

CHARMING FROCKS

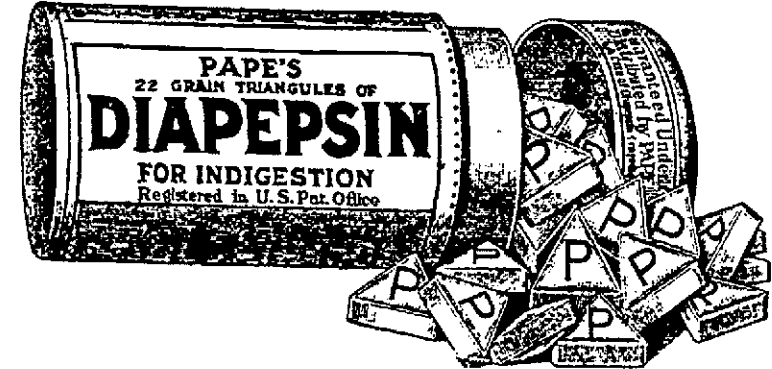

The pannier effect of course, is foremost, although many other lovely gowns hang in simple fullness, straight and graceful. They are made of soft charmeuse and supple crepe meteor, in colorings that are unusually becoming to most women. Some are in subdued street tones, including black; others come in pale evening tints, and striking black and white combinations.

'STOMACH BAD? BELCHING GAS AND SOUR FOOD? WANT TO FEEL FINE?

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; your head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Diapepsin and in five minutes you truly will wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

MR. STRICKLER AT MINUET HALL

Talks to Large Audience on Tenets of Christian Science.

PRACTICAL, HE SAYS

Before a large audience at Minuet hall Monday evening, Virgil O. Strickler, member of the board of lectureship and one of the prominent figures in Christian Science, delivered an address dealing with Christian Science, its tenets and its accomplishments. In part Mr. Strickler said:

However much people may differ in their attitude towards Christian Science every one will admit that it has done many good things. Entirely apart from the question of physical healing, it is generally conceded that it produces a happy and contented mentality, that it destroys fear, and makes people loving and kind.

When we add to this the fact that it has healed many sick people who had previously been unable to find relief under other systems, that it has cured many of the drug habit, and of the liquor habit, has restored harmony in many homes that were discordant, and has given hope and courage to people who were discouraged, it is easy to understand why Christian Science has spread from one end of the earth to the other with such wonderful rapidity.

Why should any one not wish to believe that God heals the sick? Is it not a thing to be desired, and is it not something for which humanity has been praying through the centuries? Now that it is here why should any one not wish to accept it? Let each one ask himself that question.

Many people believe that God either sends sickness or at least permits some other power to send it, so that in some way it is an agency for good to work out our spiritual growth. Now if that is true, why did Jesus come to make war on it? If God created sickness, and either send it or permits it to be sent for any purpose, and Jesus destroyed it and taught his followers to destroy it, was he not working against God? And if sickness is a good thing, why did Jesus wish to destroy it?

Christian Science shows that sickness and sin originates in mortal mind, and result from the operation of this so-called mind. God did not create them, nor do they result from the operation of spiritual law. In destroying them Jesus did not work contrary to God's laws. Christian Science insists that Jesus was consistent. He did not do the will of the Father at one time, and at another seek to overturn his laws. It follows, then, that if Jesus performed his works in accordance with, and by means of, God's laws, the same results must follow in every age whenever those laws are understood and applied. Moses and the prophets, and Jesus and his disciples and followers, healed the sick, raised the dead, and performed many wonderful works by means of this power; and in every age the result of the operation of spiritual law in human consciousness has been the same.

Women's Hair Made Glorious

Parisian Sage Stops Falling Hair and Dandruff.

Nothing so detracts from the attractiveness of woman as dull, faded, lusterless hair.

There is no excuse for this condition nowadays, because notice is hereby given to the readers of The Sentinel that Parisian Sage, the quick acting hair restorer, is sold with a money back guarantee at 50 cents a large bottle.

Since its introduction into America, Parisian Sage has had an immense sale, and here are the reasons:
It is safe and harmless. Contains no dye or poisonous lead.
It cures dandruff in two weeks, by killing the dandruff germ.
It stops falling hair.
It promptly stops itching of the scalp.

It makes the hair soft and luxuriant. It gives life and beauty to the hair. It is not sticky or greasy.
It is the daintiest perfumed hair tonic.

It is the best the most pleasant and invigorating hair dressing made.

Fight shy of the druggist who offers you a substitute, he is unworthy of your confidence.

Made only in America by Giroux Mfg. Co., Buffalo, N. Y. The girl with the Auburn hair is on every package.

All reliable druggists, department stores and toilet goods counters have Parisian Sage Hair Tonic. The girl with the Auburn Hair is on every package. Meyer Bros. Co. guarantee it.

been to destroy discord and to establish peace.

Christian Science pleads for a rational understanding of God in place of mere belief about him, and it is urging mankind to look for the real causation in mind and not in matter. It declares that God is not the author of sin, sickness, or death, hence these conditions are illegitimate and can be destroyed by a knowledge of the truth. It denies that there is any divine authority for man to sin, suffer, or die, and recalls the solemn declaration of the Scripture that God gave man as his birthright dominion over all the earth and over all that it contained.

As time goes on humanity exhibits an ever decreasing interest in theories about God that are not helpful and practical. This tendency has been deplored by the churches as indicating a loss of interest in religion, but it is not so. It indicates a tremendous desire for a religion that is practical.

An Age of Practical Things.

The demand for practical things also demands a religion that is practical. People are no longer satisfied with theories about what is to happen in another world. What is desired is a demonstrable religion that saves from present troubles—from sickness, and sin, and failure, and unhappiness, and the countless ills of every day human experience—and if there is a religion that will do that, it can be safely trusted for the future.

Christian Science is essentially a practical religion. It has been called applied Christianity. There is the same difference between Christian Science and other systems that there is between mathematics and engineering. Mathematics does much good in many ways, but it is not until the rules of mathematics are applied to human affairs that we see brought out great bridges, railroads, subways, lofty buildings, and other things that are of public utility and which contribute to the well-being of mankind. So it is only when the teachings of Jesus are understood and applied to human affairs that we see the healed, sinners liberated from bondage to evil habits, and other practical things done for the betterment of humanity.

When viewed from any point Mrs. Eddy stands as one of the great characters of this age. She has made a discovery in the realm of metaphysics that exerts and must continue to exert a more far-reaching influence upon humanity than any discovery ever made in the physical realm. She has founded a religion that has restored to mankind the spiritual healing as practiced by the primitive church. Within the brief space of one generation her teachings have so impressed themselves upon the public that it would be difficult to find a place where there is not a Christian Science church or society, or at least where there are not some Christian Scientists.

Sooner or later every person will admit that system of religious teaching which brings the largest measure of help and hope and consolation, and so long as any remain who are suffering from unhappiness or sickness or sin, Christian Science will offer to them a sure means of finding divine help.

How Healing is Accomplished. Teaching that most people consider difficult to understand is how healing is accomplished through Christian Science. Conceding that God is Mind or Principle, they ask, How is that Principle to be brought into relationship with the human mind, so as to destroy sickness and

sin? In other words, how can man proceed to establish the unity between himself and spiritual law so that this law may operate through him, and free him from sickness and from the desire to sin?

Christian Science explains the matter, and makes it plain. In fact, Jesus explained it and made it so plain that there never should have been any misunderstanding about it.

If you were to connect your lamp to an electric wire with a wooden rod you would have no light, but if you made the connection with a metal rod you would come into instantaneous communication with the power house at other end of the line, and your light would glow. God is spirit and when people try to establish the connection between themselves and Spirit with the wooden rods of human will, ignorance, selfishness, pride, or any other form of wrong thinking they will be disappointed; but when they use rods of the true metal of love, humility, meekness, kindness, and the golden rule of doing unto others as you would have others do unto you the nexus will be established and the divine power will flow from Spirit into the human consciousness, imparting to it qualities and capabilities that it had not possessed before and bringing into it a sense of peace that it had not before known.

The prophet Micah said a man's enemies are they of his own household, and Jesus repeated the statement. I used to understand their meaning to be that they meant that a man's enemies were his own kin, but I now realize that a man's enemies are they of his own mental household. The mental guests or thoughts that we entertain in our mental homes are either our friends or our foes. Hatred, fear, self-love, and all evil qualities of thought are enemies that bind man to sickness and death, and man will never gain his freedom until he drives out these enemies and makes his consciousness the temple of God.

We are told in Christian Science that fear is an ingredient of every disease, and if fear were entirely destroyed a large number of diseases would go with it. If we could imagine this world with all hatred, fear, superstition, self-will, and self-love destroyed out of it, it is conceivable that longevity would be increased and that happiness and health would be made secure.

If Christian Science had never healed a case of sickness it would still be entitled to lasting praise for compelling this age to recognize the power and influence of thought. Solomon declared three thousand years ago that as a man "thinketh in his heart, so is he." In other words, the quality of the man is determined by the quality of his thought. It is therefore of supreme importance that man should know the truth, to the end that he may know how to think correctly.

MOTHERS HEADS OF FAMILIES.

Investigator Finds Over 100,000 Instances Among New York Poor.

New York, Sept. 17.—"In at least 100,000 families in New York, mother is as much the head of the family and the wage earner as father. In hundreds of families mother is the real head of the household and the recognized wage-earner." This reversal of the long-accepted state of affairs which made father the legitimate head of the family life was voiced by John A. Kingsbury, superintendent of the Association for Improving the Condition of the Poor. In telling of the interesting experiment lately inaugurated by his society in connection with the Vanderbilt model tenements of treating heads of families affected with tuberculosis, Mr. Kingsbury said: "The head of the family, you know, is not necessarily the husband and the father. It is just as likely to be the wife and mother."

ERECTING NEW PUMPING HOUSE

Wabash Makes Another Improvement in Connection With Track Elevation.

B. R. T. LADIES TO BE ENTERTAINED

Loyal Lodge to Be Guest of the Huntington Auxiliary Ladies.

John Danes, foreman of the carpenter department of the Wabash maintenance of way, has a gang of men at work erecting a new pump house on the banks of the St. Mary's river in the west end of the city. The new building will be the same size as the old and will be located just back of it. When the building is completed and the new pipe line from the station to the shops and depot down town is in position the machinery will be moved from the old pump house and that building torn down. It is in the way of the track improvements now in progress. The new pipe line will be eight inches in diameter; the old is only six inches. The pump house building will be constructed of brick and stone and will be fireproof.

PROFESSORS IN ELECTRIC WORKS.

Among the men on the regular payroll of the Westinghouse Electric & Manufacturing company, at East Pittsburg, Pa., this summer were twenty-two professors and teachers from twenty-five colleges, says the Railway Age-Gazette. These men, members of the faculties of the most prominent engineering schools in the country, have devoted their vacation from their regular work to this service in the shops, to more fully familiarize themselves with the things that they talk about in the class room, and to learn at first hand just what is before the young men whom they are educating. The colleges represented are in nineteen different states, very few of the institutions being represented by more than one man. These workmen are assigned check numbers the same as other employees. After the day's work is done they make tours of inspection, on which various pieces of apparatus are explained to them by the

engineers who have designed the machines. Evening meetings also are held for discussion.

TO BE HUNTINGTON'S GUESTS.

Loyal Lodge, No. 85, Invited There September 26.

Loyal lodge, No. 85, Ladies' Auxiliary to the Brotherhood of Railway Trainmen, has been invited to Huntington for Thursday, September 26, to be the guests of the B. R. T. ladies' auxiliary of that city. The local auxiliary will hold a meeting at Unity hall tomorrow afternoon to make arrangements for the trip. They will probably charter a car on that occasion and go down in great numbers.

WANTS CONFERENCE OF DELEGATES.

James A. Lechler, president of the Fort Wayne Federation of Labor, has a card elsewhere in The Sentinel today, requesting the delegates of the various local unions to attend a conference at the Commercial club this evening with the convention committee of the Commercial club relative to the 1913 state federation meeting, which it is proposed to secure for Fort Wayne. These conferences bring a number of people to the city and are considered a good thing by the hotel men, restaurant proprietors and business men generally.

HANDCARS BEING DISCARDED.

As rapidly as motor cars can be built, the old-fashioned handcar will be thrown into the scrap heap by the Lehigh Valley road. Forty-seven of the new cars, the first installment, have been ordered and more will be bought just as rapidly as the builders can build them. The motor car can be speeded anywhere between four and twenty miles per hour and the energy expended in propelling the old style handcar will be saved by the motor car to be expended in track work. The motor car is an economical proposition.

SAYS CROP PROSPECTS ARE GOOD.

J. W. Runyan, manager of the insurance and safety department of S. F. Bowser & Company, has just returned from a two weeks' business trip in Nebraska, Kansas and Missouri. Mr. Runyan says that Bowser business in those states is better than ever before. He also says that the crops in the states named are good, making the outlook for the farmer exceedingly bright. Among the cities visited by Mr. Runyan were Omaha, Lincoln and Kansas City.

BREWERY STORAGE BUILDING.

Buesching & Hagermann, who have the contract for erecting the \$70,000 storage building for the Berghoff Brew-

ing company, are getting ready to commence work upon the structure this week. The foundations were put in some time ago. The new storage house will contain twenty enameled steel vaults. The same contracting firm will also erect an addition to the power plant of the brewery this fall.

E. G. ERICSON RETURNS HOME.

E. G. Ericson, principal assistant chief engineer of the Pennsylvania, spent an hour or so in the city this morning and called upon as many of his former associates and old friends as his limited time would permit. Mr. Ericson was accompanied by his family. They had been at a summer resort in northern Michigan and were en route to their home in Pittsburgh, traveling in a private car, which was transferred from the Grand Rapids and Indiana to the Pennsylvania in this city.

HIRED NEW PATROLMAN.

Capt. H. C. Stoll, of the Pennsylvania police department, has employed Harry B. Zuelke as a patrolman and he has already assumed the duties of the office. Zuelke was in the United States army four years, completing his enlistment term a few days ago.

FREIGHT CARS DERAILED.

The Pennsylvania wreck crew and outfit were sent to LaGratto this morning to pick up two freight cars that were derailed early today. The accident occurred on the "Y" and the main line was not affected by it.

TURK HAS FOOT BURNED.

Abraham Abraham, a Turk, employed in the car wheel foundry of the Bass works, had a foot painfully burned yesterday when some of the molten metal splashed out of the crucible and fell on the member. He will be unable to work for some time.

INDUSTRIAL NOTES.

Patternmaker William Greble, of the Bass works, is sick and off duty. J. Trifones and C. Woods are new men in the Pennsylvania erecting shop. E. G. Hayden, district passenger agent of the St. Paul, was in the city awhile this morning.

After a thirty days' furlough, Engineer W. Koch resumed his duties on the Pennsylvania this morning.

Watchman H. Lighton has resumed work at nights at the Pennsylvania shops, after being sick a few days.

Machinist C. W. Miller is absent from his work in the Pennsylvania shops on account of sickness in his family.

After a week in the country with friends, Oscar Deahl has returned to his duties in the Nickel Plate freight house.

Manager A. Z. Polhamus, of S. F. Bowser & Company, who has been in Petoskey ten days, will arrive home tonight.

Hubert Kukuk, molder at the Bass foundry, who had been out of the city a week, reported for work this morning.

Foreman J. A. Foster, of the Pennsylvania air brake department, is taking a lay off to look after some business matters.

Sales Manager A. A. Serva, of the Fort Wayne Electric works, who had been east a week, returned home last night.

Engineer C. P. Lake and wife have returned from Atlantic City, where they went some time ago to attend a family reunion.

Fred Romary, Frank Hogan, G. P. Tielker, Nicholas Miller and F. W. Jesse, Pennsylvania shopmen, are sick and off duty.

James Scott, a molder, has returned from a week's visit in Buffalo, N. Y., and this morning resumed work in the Bass foundry.

HOW THE HIGH TARIFF WORKS

Monopoly on Products and Free Trade on Labor, Says Marshall.

TALKS AT ST. JOSEPH

St. Joseph, Mo., Sept. 17.—High protective tariff was denounced by Governor Thomas R. Marshall, democratic nominee for vice president, in a speech here last night. He declared the policy "gave tariff beneficiaries a monopoly on products and free trade on labor." The governor said:

"I'm pressed as I have always been from the moral and constitutional viewpoints of the injustice of the high protective tariff. I have not wasted much time in studying its practical workings. Revelations, startling in their character, force themselves upon us, however. These revelations furnish economic reasons in abundance for a change.

"Take the argument that the high protective tariff has been maintained for the benefit of the American working man. What do the facts disclose? They disclose that we have given the tariff beneficiaries a monopoly on products and furnished them free trade in labor.

"Figures compiled by the United States immigration commission reveal that three-fifths of the workers in our protected industries have come to the United States from southern and eastern Europe since the reason was advanced that we must have a high protective tariff for the benefit of the American working man.

What Analysis Shows.

"Analysis of the figures reveals that the average wage per family has been \$90 per month; that only forty per cent of the families are supported by the heads thereof, and that in the iron and steel industries one-tenth of the family earnings is made by the children, while one-fifth comes from boarders and lodgers. In seventeen thousand households examined there were two hundred and forty-six persons for each one hundred sleeping rooms. The housing conditions challenge adequate description.

"An investigation of the twine plant at Auburn, New York, of the International Harvester company, presided over by that disinterested patriot and philanthropist, George W. Perkins, revealed that women worked from ten to twelve hours each day, standing all the while in rooms the most unsanitary, and earned a dollar a day. Overworked and underfed, they are sapping out their lives and sapping the lives of posterity that the system may exist. If the farmers of this country are as patriotic and humane as I believe them to be, they will next year bind their harvests with rag ratters, unless these conditions change.

Lawrence as a Sample.

"A word will suffice for the revelation of conditions at Lawrence, Mass., where wage-earners getting \$7.00 a week were insulted by the advice to open up an account with a trust company. Such information as the government has been able to obtain by its tariff board shows that the labor cost of weaving a yard of cloth is five cents, while the tariff duty for the benefit of the laborer is \$1.02. Who got the other 97 cents?"

Governor Marshall then told of two Indians, implement concerns which he said had opened branches in Canada. He added: "I have no definite knowledge why these industries opened up in the British domain, but I hazard a guess that the effect of the protective tariff on raw material and on trade relations with the world has convinced them that they can do more business and make more money while operating under the British empire than under the American government."

On arrival here in the afternoon Gov. Marshall was taken to a hotel for dinner and a reception. Gov. Marshall is accompanied by Mrs. Marshall and during the governor's address she occupied a box with a party of St. Joseph ladies. Because of the short time he had to remain here, he was compelled to shorten his remarks. Immediately after his speech he was hurried to the union station and departed for Hannibal, Mo., where he is to speak tonight.

In the opening of his speech here he reiterated his declaration that he was not soliciting votes for himself as he was only the tail of the kite and that if the voters could send up the kite without the tail they should do so.

LAFAYETTE IS OUT FOR FIGHT

City Council Votes to Revoke Street Railway Franchise.

OTHER INDIANA NEWS

Lafayette, Ind., Sept. 17.—Drastic action was taken by the city council last night when it revoked the franchise for operating street cars on several of the city's streets, of the Fort Wayne & Northern Indiana Traction company. The franchises were revoked because of the company's failure to comply with the provisions of the grant.

HODGSON COMING BACK

Youthful Forger Said to Be Returning to Hartford City.

Hartford City, Ind., Sept. 17.—That Orville Hodgson is on his way to the home of his parents, Mr. and Mrs. John Hodgson, near this city, to answer the charge of forgery pending against him in the circuit court, is the opinion of local officers. John Hodgson is on his son's bond in the sum of \$2,000, and unless the boy is here by Oct. 15, the bond will be forfeited.

The authorities believe that the young forger called his father by telephone from New Orleans several days ago to tell him not to worry about the bond and that he is on his way home with his bride, who was Miss Hattie Bainbridge, of Louisville, Ky.

The New Orleans police have telegraphed Sheriff Charles Townsend that Hodgson and his bride left there on an Illinois Central train Sept. 13.

John Hodgson believes that his son has become wearied of the persistent dodging he has been compelled to do to avoid the police and that he prefers to be taken in custody at home where his wealthy father can assist him.

COURT OUSTS COMMISSION

Finds Bloomington's Population Does Not Authorize Police Board.

Bloomington, Ind., Sept. 17.—Bloomington's present population, not counting students of Indiana university, is 9,944 and being fifty-six short of 10,000 the city is not entitled to the metropolitan police system. Such, in effect, was the ruling yesterday of Special Judge R. H. East. Mayor John G. Harris sent special census takers out several weeks ago, and after their work was completed it was announced that the city's population was in excess of 10,000, whereupon the mayor appointed a police commission of three members. The city council filed an injunction suit to stop the board from interfering with the police department. It was found by the court that errors were made by the special census takers. As the number is so near the required total it is said that another census will be taken soon.

DISPLAYS BILLS; FOUND DEAD

Section Foreman's Body Thrown Under Train Following Robbery.

Valparaiso, Ind., Sept. 17.—Frank Vist, section foreman for the Elgin, Joliet & Eastern road at McCool, was beaten and robbed and his body thrown under a freight train near that place some time between Sunday night and Monday morning. The body was cut in two. Vist was paid his monthly salary of \$45 Saturday and the last seen of him alive was at Crocker, this county, Sunday night, when he was observed to display a roll of bills. There was no money on the body when found. Coroner Lewis has withheld his inquest pending an investigation of Vist's movements.

REFUSES TO REMAND ACTION.

Judge Albertson Has Jurisdiction in Steel Promoter's Suit.

Seattle, Wash., Sept. 17.—Judge B. R. Albertson, of the King county superior court, has decided that he has jurisdiction in the suit brought by James A. Moore, promoter of the Western Steel Corporation, against the Metropolitan Trust company of New York. He denied last night the motion of Moore's attorney to remand the case to the Jefferson county court where the suit first was brought.

The court gave Moore ten days to answer the affidavit filed by the trust company Saturday in which Moore is charged with engaging the services of Leslie M. Shaw, former secretary of the treasury, to obtain a loan of \$800,000 from the Metropolitan Trust company.

Wilson Pays Respects to the

Bosses in Logansport

Address.

IS QUICK IN RETORT

Chicago, Sept. 17.—Through Ohio and Indiana Governor Woodrow Wilson did some impromptu campaigning yesterday that was as vigorous as it was unexpected.

No previous arrangement had been made for speeches and the train schedule was twisted by delays early in the day, but crowds gathered along the route and Governor Wilson made nearly a dozen speeches from his car.

He replied to former Senator Beveridge, of Indiana, who charged in a recent speech that Governor Wilson, if elected, would be loss-controlled. State Senator Fred Kistler and Mayor Fickler, of Logansport, Ind., boarded the train and told Wilson about Senator Beveridge's speech so that when the democratic candidate reached Logansport he hit at Mr. Beveridge to a large crowd.

"I understand that in a speech made last Saturday night," said Governor Wilson, "a very much esteemed friend of mine, namely Senator Beveridge, said that he entertained a very serious fear about me, namely, that if I were elected president I would be controlled by the bosses."

"I never suspected before that Senator Beveridge was a humorist; because, if he did not know that was a joke, he ought to have known that it was a joke. When did he ever hear that I had changed all my political habits?"

"The way you can tell whether a man is going to be controlled by the bosses is not to judge whether he is in reach of a boss or not. Do you know what a boss is? A boss is a political agent of certain special interests, who see to it, through him, that people they can control are put in office and that laws they don't want are kept off the statute books, and the men who do that are the men who are interested in the great monopolies of this country."

"I am sorry to observe that whereas the republican party has practically fostered the trusts and the democratic party proposes to prevent monopoly in this country the third party, represented by Senator Beveridge, proposes to take the monopoly into partnership with the government, accepting it as an inevitable necessity and bringing it under the regulation of law; that is to say, making it a legalized institution of the country. And when the men who have created monopoly are accepted partners of the government do you suppose they are going to dispend with the men who are their necessary agents, namely, the bosses who determine who are to occupy office and what the legislation is to be?"

"Who created monopoly?" interrupted a man in the crowd, and he repeated his question several times.

"The men who created monopoly, my friend, to answer your question," continued the governor, "are the men who have taken advantage of the protective tariff to get together to make great combinations of industry to shut out competition and to make sure that the prices are in their own control. And every republican leader in our genera-

tion has been in league with these men."

"Who are they?" broke in another voice, and the governor's reply brought cheers.

"They are the men who have set up the great trusts," he said. "Everybody knows the list of them. These men are the heads of the steel trust, of the tobacco trust, of the Standard Oil trust, and of all the other trusts—that everybody knows. I am surprised that you did not know the names of them before. These men have supported those who have controlled our government in the last fifteen years and they are supporting them still. And I, for my part, do not entertain any hope of the government of the United States being freed from the control of trusts and the control of bosses who are the agents of trusts, through the instrumentality of the adoption of the trusts into the care of the government itself."

The governor was well received throughout the day. He shook hands with people who flocked to the rear platform and waved greeting to those not so near. The nominee expected to be about two hours late into Chicago, but the railroad attached an extra locomotive and brought him into Chicago only seven minutes late. He left Chicago at 8:05 o'clock for Sioux City, Iowa, and Sioux Falls, S. D., where two speeches are scheduled for today.

\$80,000,000 LOST ANNUALLY BY WAGE EARNERS.

Dr. Sadler estimates that about \$80,000,000 in wages is lost annually to the American people as a direct result of colds. Lost time means lost wages and doctoring is expensive. Use Foley's Honey and Tar Compound. It will stop the cough and heal and soothe the sore and inflamed air passages. Cure your common colds quickly, and prevent their developing into more serious conditions. Foley's Honey and Tar Compound contains no opiates. Is safe for children. The genuine is in the yellow package. Drier Drug Co.

SEVENTH ATTEMPT FAILS.

For the seventh time this summer, flames were discovered at the Frank Bogash barn on the Leo road yesterday afternoon, and it is believed that on all seven occasions, some one had endeavored to set the barn afire. Discovery of the flames before they had gained much headway saved the barn yesterday, and none of the other attempts to burn it were successful. The chicken coop adjoining the barn was set afire with the use of old papers as a torch, and the flames had just reached the barn when the chemical wagon arrived.

Mrs. J. N. Hill, Homer, Ga., has used Foley's Honey and Tar Compound for years, and says: "I cheerfully testify to the merits of Foley's Honey and Tar Compound, having used it in my family for years, and always recommend it. I find it never fails to cure our coughs and colds and prevent a croup. I have five children and it is the only thing they take for colds and always with good results. We would not be without it in our home." Foley's Honey and Tar Compound contains no opiates or harmful drugs. Drier Drug Co.

Two Valuable Recipes for the Hair and Skin

Washing the head with soap results in discolored, "stingy" hair and a scalp that is dry and scaly or unduly oily. Shampooing with canthrox soon corrects the condition that causes this, and a teaspoonful dissolved in a cup hot water is ample for the thickest head of hair. Canthrox is soothing and invigorating and not alone cleanses thoroughly and completely, but stimulates the hair-roots to healthy activity. Hair shampooed with canthrox is always soft, lustrous and of a rich, even color.

Women having envious complexions invariably use just a plain spitumax lotion, which is a great natural beautifier. This is made by dissolving 4 ounces spitumax in 1-2 pint witch hazel or hot water to which has been added 2 teaspoonfuls glycerine. The lotion dries quickly and cannot be detected when on and gives to the finest complexion an added charm and elegance. It is especially good to clear the skin of pimples, blackheads, blotches, sallowness, oiliness and other complexion defects and to protect it from harsh or cold winds.

YOU AND YOUR FRIENDS

Are most cordially invited to attend our opening display of the new millinery for autumn wear on

Wednesday and Thursday,
September 18th and 19th

Our Millinery Room will be a beauty spot. The newest models in hats will be shown in their artistic loveliness. Our one thought has been to make this exhibition a pleasure and to give a true index of the millinery styles for autumn and winter.

Display Days for Autumn Apparel

In connection with our millinery display there will be an elaborate showing of all that is new in the realm of women's wear. While the millinery and suit rooms will be the centers of interest, the whole store will be resplendent with the newest and brightest fashions for personal use and home adornment.

NIEZER FUNERAL AT CATHEDRAL

Former Monroeville Pastors

Assist in Requiem

High Mass.

THE RESOLUTIONS

Funeral services for John B. Niezer were held at 9:30 o'clock this morning from the Cathedral of the Immaculate Conception. Three pastors who had charge of St. Rose's Catholic church at Monroeville during Mr. Niezer's membership there, assisted with the solemn requiem high mass. Rev. Theodore Wilken was celebrant and Rev. Thomas Conroy acted as deacon. Rev. Norbert Feiden presided as sub-deacon. The sermon was delivered by Rev. John R. Quinlan, pastor of the Cathedral.

Resolutions of respect to the memory of Mr. Niezer are as follows:
The board of commissioners of the County of Allen, State of Indiana, being in regular session assembled this 17th day of September, 1912, do hereby unanimously adopt the following resolutions:

Whereas, It has pleased the Almighty God to take from our presence our friend and esteemed citizen, J. B. Niezer, and

Whereas, During his life-time he served the people of Allen county officially and well as county auditor, and

Whereas, By his death we have lost a friend, Allen county has lost a splendid citizen and his family has lost a noble and good husband and father.

Now, therefore, Be it resolved by this board in regular session assembled, that we do hereby regret exceedingly the untimely death of J. B. Niezer, and do hereby extend to his family and friends the heartfelt sympathy of each member of this board, and in token of proper and fitting respect on account of the death of our distinguished citizen, do now order that the office of the county auditor and of the board of commissioners be closed from 8:30 o'clock a. m. to 9 o'clock a. m. on the 18th day of September, 1912.

That a copy of these resolutions be sent to the family of the decedent and that a copy of these resolutions be spread upon the record of this board of commissioners.

JAMES D. BUTT,
JOHN B. WYNN,
F. WM. FRANKS,
German-American Bank.

The board of directors of the German-American National bank has learned with deep regret of the death of Mr. J. B. Niezer, which occurred in this city at 9:15 p. m. Sunday, September 15, 1912.

Mr. Niezer had been a life-long resident of this community, having been born in Milan township, Allen county, July 21, 1848. He was one of the original incorporators of this bank, was a member of its first board of directors and had been regularly re-elected every year since. His death will leave a vacancy which it will not be easy to fill. His interest in and devotion to the welfare of this bank never for one moment flagged. While in health, the regularity of his attendance at the meetings of this board was so uniform as to be a matter of comment, and his attention to the business of the bank and the sense of responsibility with which he discharged his duties as director were such as to be a stimulus to every man associated with him in the management of the bank. Quiet and even reserved in his demeanor, he was a man of excellent judgment, pronounced integrity and with a very strong and ever-present sense of duty.

Be it resolved that the above minutes be placed upon the records of this bank and that the board of directors attend the funeral services in a body.

For the Thin and Scrawny

Samose Will Make You Plump and Rosy, Says Meyer Bros. Co.

If you are getting thin you are sick, although you may not know it. If you are losing weight steadily, there is something wrong that needs looking after. If you have always been thin it doesn't follow that you are sick, but you may not be healthy. You cannot be strong if you are thin.

Try then to be healthy and plump, it is not difficult if you know how.

The only way to increase the weight and gain health and flesh is by using Samose, the standard flesh-forming food and tissue builder. It mingles with the food you eat and is assimilated so that all the flesh-forming and tissue building elements of the food are retained in the system. This explains the great value of Samose.

Weigh yourself before you begin using Samose. It will not cost you a cent unless it increases your weight and restores your health.

Meyer Bros. Co. sells every package on a genuine guarantee to refund the money if it does not do all that is claimed for it.

TRADITION

Tradition may serve all right as a mile post, but it is no good as a guide post. It is faced toward the past. It never leads and never advances.

Tradition has been defined as "Salvation through ossification, a letter for the footstep, a clock that tells what time it was, a method of holding back the many while some one does the thing which they declared impossible."

This bank has no traditions. It is not a bank of yesterday, but a bank of today and tomorrow. It is a growing bank, but unlike growing potatoes the best part of it is not underground. It is not a "has been," it is an "is."

It has a savings department where a per cent is paid on bank accounts. German-American Nat'l Bank

PROGRESSIVES LAUNCH A CLUB

They Organize for Teddy
and Allow the Women to
Come In.

HOLD BIG MEETING

The Roosevelt movement in Allen county was given a decided boost last evening when seventy-five or more champions of the Oyster Bay colonel met at progressive headquarters in the Bank block and organized a Roosevelt club. It was a genuine bull-moose crowd, and the attendance was increased by the presence of a number of ladies, who were equally as demonstrative as were the reel mooseers.

During the session addresses were delivered by a number of former republicans and democrats who have cast their lot with the new party. Deliberations were halted long enough, however, to elect Arthur W. Parry president of the Teddy club. Other officers were elected as follows: Vice president, A. C. Baker, of Eel River township; secretary, Guy Ludwig; treasurer, J. W. Bell.

At the close of the business session those present were invited to join the club, and to the surprise of the crowd the women present demanded to add their signatures to the list. They signed a document which makes them members of the "Jane Addams Chorus." Those who signed are Mrs. D. F. Fry.

Suffragist Speaks.

The principal address of the evening was delivered by Mrs. A. R. Black, of Cleveland, one of the leading suffragists, who is touring the middle west in the interest of equal rights. Mrs. Black declared that the progressives should not fear Taft, for he is a dead issue. She added that as long as Roosevelt is for the right nobody can be against the issues. She declared that Wilson is inefficient and that he would be a tool of the bosses.

Other addresses were delivered by Edward S. Myers, progressive candidate for joint senator from Allen and Adams counties; Charles W. Porter, candidate for prosecuting attorney; Dr. W. D. Calvin, Fred Liebreich, John Zeit and L. V. Hoffman.

Louis N. Litman, of Lagrange, candidate for congress, presided over the meeting and attempted to call on all candidates present. He was compelled to abandon this procedure, however, on account of the late hour.

Mr. Myers was tendered generous applause when, during his address, he declared he quit the republican party when it nominated Winfield T. Durbin as a candidate for governor of Indiana.

"Until that time," he declared, "I was a republican, but I cannot belong to a party which will countenance such a system of bossism. I cannot understand how a man can vote for Durbin when a man of the capacity of Albert J. Beveridge is after the same office."

Mr. Myers paid a tribute to William J. Bryan and said that if he had been old enough to vote in 1896 he would have cast one ballot for the Nebraska commoner.

The session adjourned after Lee J. Hartzell, in an eloquent address, urged the progressives to register on October 1. Mr. Hartzell also announced that such township is to be separately organized and that this work will begin this week in Marion township. Springfield township is to be organized next Monday night.

Former Local Man to Locate in St. Paul, Minn.

Harrie L. Willson, a son of Mr. and Mrs. M. S. Willson, of this city, who for several years has held the responsible position of business manager of the Grand Forks Daily Herald, has resigned and on October 1 is to move with his family to St. Paul, Minn., where he has accepted a position with the Curtis Publishing company. Mr. Willson was prominent in both business and social affairs in Grand Forks. He was a member and director of the Y. M. C. A., and for years served as a trustee of the Grand Forks Presbyterian church.

DEMOCRACY TO SMASH BOSSES

Holds Out Only Hope to the
People, Declares Gov.
Marshall.

TALKS AT HANNIBAL

Hannibal, Mo., Sept. 18.—In his speech here last night Governor Marshall, of Indiana, declared that the hope of ending political boss rule lies in the success of the democratic national ticket in November. He said the progressive party candidate for president boasts of being a destroyer of bosses but likened him to the sailor of the Nancy Drig of the famous ballad.

Governor Marshall reached Hannibal late in the day from Lagrange, where he had been the guest of the little town at a home-coming. The governor resided at Lagrange, a short time before the opening of the civil war.

The governor's address here was to some extent a repetition of his previously expressed views on the tariff question, but it largely was a discussion of the political boss evil and his conviction that the only adequate correction of the matter was in the hands of the democratic party this fall.

The governor declared that the high protective tariff was rapidly turning

What Women Want to Know

By Miss D. Mills.

"Superfluous hairs on face or forehead can be instantly and permanently removed by a simple application of a paste made by mixing salicylic acid and water. Cover the hairs with the paste, leave on two minutes, wipe off, wash the surface in warm water, and the hairs are gone."

"Pencil the eyebrows is unsatisfactory and unnecessary. To make them grow darker and thicker, gently massage with yarrow. If applied to the hair roots with the finger tips, the lashes will grow long and thick."

the country over to the socialists and added:

"I am not a socialist, but if the time ever should come when I should have to make a choice between the aristocracy of the few and the socialism of the many, count me and my house with the great throbbing heart of the many."

He closed his speech here with an attack on the money power which he declared was granted special privileges and controlled the country.

What Governor Said.

Governor Marshall said in part: "It rarely happens that a man voting a ticket gives his unqualified support to every plank of the platform. It is only a blind and dear woman who unreservedly declares her husband perfect. A woman, neither blind nor dear, may so declare, but what she really means is that he is comparatively perfect, that he is better than other husbands. Your duty and mine, therefore, is to support that party whose platform offers the best solution of the problems in which we are interested."

"I hazard the assertion that just now the three things which you most desire to have eliminated are the boss in politics, the high cost of living and special privileges."

"Suppose you regard the grievance of the boss as the most vital. How does he become vital save as the agent of special privilege? What good will avail to fight a few little bosses and stand by the big boss of bosses, who, himself, stands upon a platform of special privileges?"

As to Roosevelt.

"The progressive candidate for president boasts of being a destroyer of bosses just as the sailor in the 'Yarn of the Nancy Drig' boasts of destroying his comrades. He ate them all that he might sing."

"Oh, I am a cook and a captain bold And the mate of the Nancy Drig. And a bun-skin and a midshipmite And the crew of the captain's gig."

"What solution of the boss and trust system does either the regular or progressive offer? None. Each is going to get rid of special privileges by making it legal. Each is in favor of changing the unlimited partnership of government and special privilege into a limited partnership. It is to be tested, tested and tested interests as heretofore. It is to be tested to take a horse but unlawful to take a team. As a matter of fact, as long as one citizen can by operation of law take the law that permits him to do so is a bigger boss than any man born of woman."

Special Privilege to Blame.

"The heart of the evil, the root of the wrong, is special privilege. And against it the democratic party declares it has an age-old and never-ending fight. Will you be in at the death? As

still holds to the principle; each says it has not worked out well and each has a new scheme to make it work well.
